GREECE INSISTS HER DEMANDS BE FULFILLED

SEEKS TO RETAIN OCCUPIED GROUND UNTIL REPARATION

NOTE TO THE BULGARS DEMANDS UPWARDS OF \$80,000

TO COMPENSATE FOR BORDER CLASH NEAR DEMIR-HISAR

By WEBB MILLER
(United Press Staff Correspondent)

Greek forces today remained on Bulgarian soil despite League of Nations warning to withdraw behind their own frontiers.

London press reports thus far unconfirmed, pictured them even as advancing last night and again shelling the hard hit border town of Petrich, while Sofia advises told of an alleged movement of Greek troops from Saloniki to reinforce the border region.

One report was Athens had ordered its troops to stop advancing.

Greece will participate in the League of Nations council deliberations Monday when an effort is to be made to end the trouble and start fixing responsibility for the border hostilities. But Premier Pangalos asserts that his forces will hold the occupied Bulgarian territory until Bulgaria yields to the Greek reparation demands.

Sofia advises pictured hundreds of peasants fleeing from their humble dwellings near the border while the Bulgarian government accuses the Greeks not only of having shelled open towns, but also of having killed a handful of women, children, other civilians and soldiers.

Crops and cattle were seized, Sofia charges.

Meantime irregulars, the comitadjis of the mountain districts, were reported taking advantage of the unrest and uncertainty to plunder and terrorize the border districts.

While Paris prepared for Monday's sitting of the council, news came out of Europe of two impending cabinet crises, one in France and the other in Germany.

France's crisis is over financial conditions, with Finance Minister Caillaux the storm center; Germany's over nationalist disapproval of the Locarno security agreements.

A wholly unconfirmed report from Belgrade said that the Greeks had had 10 batteries in action and had burned 10 villages in the neighborhood of Petrich and Melnik.

London, Oct. 24.—Greece, before League of Nations council, intends to insist upon fulfillment of her demands against Bulgaria in the Greco-Bulgarian border conflict.

This word came early today out of Athens from the United Press correspondent there following upon an overnight interview with Premier Pangalos in which the Greek leader declared his intention of retaining "our occupied territory," until Bulgaria accepts the terms of Greece's sharp note. This note demanded of the Bulgars upwards of \$80,000 as reparation for the border clash in the vicinity of Demirhisar.

Greece still had her forces on Bulgarian soil, though President Briand of the League of Nations council demanded withdrawal of troops of both countries behind their own frontiers.

Meantime out of the Bulgarian capital came reports of peasants fleeing before the Greeks in the Petritsi region, stricken with fear. Sofia messages told of alleged Greek "atrocities." The Bulgars claimed the Greeks in their drive into Bulgaria had pillaged homes and desecrated the graves of World War dead, meantime requisitioning the stocks of grain and cattle of peasants along their path.

Sofia estimated that between 15,000 and 20,000 peasants in the hills, beyond the Macedonian frontier had fled their homes when the Greeks marched across the line, as they said, to halt comitadjis depredations. A communique from the Bulgarian capital claimed that three children and four women had fallen before the Greek invaders and that from 20 to 30 more civilians and soldiers had been killed to yesterday noon.

As an indication that Pangalos' threats of camping on Bulgarian soil were not empty words, the Sofia messages announced that the Greeks

MITCHELL COURT MARTIAL HELD IN WAREHOUSE

DAMP, MUSTY OLD BUILDING CHOSEN FOR ARMY TRIAL

IS RAMSHACKLE LANDMARK OF THE NATION'S CAPITAL

By WILLIAM J. McEVROY
(United Press Staff Correspondent)

Washington, Oct. 24.—Colonel William Mitchell, his counsel and seven officers designated to prosecute him are keenly displeased with the damp, musty warehouse chosen by the war department in which to hold the history making court martial of the fiery air service critic. Built in the distant past, it is a landmark of the capital. It lies at the foot of Capitol Hill and only the oldest inhabitant can give a vague idea of when it was new. It first housed the census bureau for many years, then became vacant, only to be re-inhabited during and after the war as a commissary. For the past two years it has been vacant again.

Colonel Mitchell, Representative Frank Reid, republican, of Illinois, his counsel, and Colonels Moreland and McMullen, his prosecutors, visited the place today and found it little short of impossible.

The building is without heat, full of trash, water on the lower floors, hanging beams and the room chosen for the court martial is small and dark. Friends of Mitchell say the war department chose the location of the trial deliberately.

On entering the building, Mitchell found himself in semi-darkness with almost an eighth of an inch of water underfoot. Stagnant water has gathered at the base of the stairway leading to the trial room and a three foot hurdle was necessary.

Once the second floor was reached Mitchell had to stoop to avoid a "beaming" by a heavy rough board which hangs tenaciously from the wall.

The room selected for the trial is about three times the size of a room of the average home. Four workmen are making an attempt to improve its appearance.

were digging in along a 20 mile front running four to eight miles deep into Bulgarian territory.

Meantime, however, Greece is preparing to have her side represented at the Paris council meeting Monday by Minister Capapanos, Paris envoy. He will echo the words of Premier Pangalos and insist on Bulgaria's acceptance of the Greek demands as the minimum satisfactory to Greece.

While Bulgaria insists the Greeks were the aggressors in the original border incident, Pangalos charged that the Bulgars killed a Greek captain and a Greek soldier, the former under a flag of truce.

"We propose to outflank and compel the Bulgarians to withdraw from Greek territory," Pangalos declared, adding that acceptance of the "moderate terms" would see the Greeks pulled back into their own ground.

Vienna reports this afternoon indicated that the conflict had entered a new unofficial phase with comitadjis bands of both countries taking advantage of the present unrest to start a series of depredations and a period of terror.

The Jugo-Slav press confirms that Jugo-Slavia, carefully watching developments, is "benevolently neutral" toward Bulgaria. Vreme, organ of the Jugo-Slav foreign minister, and Politika, semi-governmental mouth-piece, call the Greek attack unwarranted and point to the weak position of Bulgaria.

N. Y. TERRIFIC REVOLVER BATTLE WRECKS A CAFE

POLICE RESERVES HURRY OUT, DRAWN BY ROAR OF GUNFIRE

THROW CORDON AROUND BATTLE, BUT SURVIVORS SLIP OUT

New York, Oct. 24.—(UP)—Three men, unknown to the police, were shot to death in a terrific revolver battle which wrecked a west side cafe here today.

Police reserves, drawn from two precincts by the roar of gun fire at 4 A. M. threw a cordon around the district but survivors of the fight, if there were any, slipped through and escaped.

Furniture was smashed to bits, glassware and windows shattered, the walls punctured with bullets and two men lay dead in pools of blood when the first policemen broke into the basement cafe whence came the sounds of firing.

A third man still breathing, but with a mortal wound in his head, lay near a kitchen at the end of a short hallway.

This man died about an hour later in Roosevelt hospital.

All the men appeared to be Italians, about 30 years of age, but in a furnished room on the third floor above the wrecked cafe police found Baron Michel Tornow, a former captain of the Russian army.

Police could learn no cause for the fray.

BANK CASHIER OF PRINCETON IS INDICTED

Milaca, Minn., Oct. 24.—(UP)—Shortages estimated at \$40,000 were charged to G. A. Eaton, former cashier of the closed Securities State bank of Princeton today. He pleaded not guilty to an indictment returned by the Milaca county grand jury Friday and was released on \$5,000 bond.

The grand jury indicted Eaton on five counts. County Attorney A. D. Smith said the case would come to trial next week.

NEW ARRANGEMENT MAY SOLVE CAR FARE FIGHT IN ST. PAUL

St. Paul, Oct. 24.—(UP)—A street car fare of 6 1/2 cents tokens and an eight cent cash fare in the Twin Cities will likely solve a four year fight between the Twins and Street Railway Companies.

Settlement by stipulation of the long drawn litigation was favored by the Minneapolis city council 15 to 11 late Friday.

Mayor Arthur W. Nelson said the St. Paul city council probably would favor settlement on the same basis Tuesday. The fare has been in effect for several months under a court order.

GINSBERG TRIAL SET FOR NOV. 16

ATTORNEY CHARGED WITH SUBORNATION OF PERJURY

St. Paul, Oct. 24.—(UP)—Trial of Abe S. Ginsberg, Minneapolis attorney, charged with subornation of perjury in connection with the Gleeman murder trial, was set for Nov. 16 here today.

Demurrers to the indictments were overruled by Judge M. O. Hanft in county court. Ginsberg was indicted on evidence presented in affidavits filed by Ben and Abe Gleeman charging the murder for which they are serving life sentences, was committed by a gunman in the employ of a Twin Cities liquor syndicate.

Ginsberg was accused of plotting with members of the ring to convict the Gleemans and protect those responsible.

Karachi, India, Oct. 24.—A terrific cyclone has swept the Persian Gulf, bringing the worst disaster within living memory in these parts.

Forty vessels are reported to have been sunk and more than 1,000 lives lost, according to early dispatches here.

The greatest chaos prevails in stricken ports along the Persian Gulf, according to advices from Bahrain.

Because of the reported extent of the disaster, first details of death and destruction were conflicting.

Most of the men who perished were pearl fishers whose fleets put out some time ago from the Bahrain Islands.

Rescue boats were reported plunging their way through many floating corpses.

BULGAR TERRITORY NOW IN POSSESSION IS TRACT 30 KILOMETERS LONG

By WEBB MILLER
(United Press Staff Correspondent)

London, Oct. 24.—Greece is not only holding fast to territory she occupied in Bulgaria, but is determined to keep her grip on the region and not evacuate before the League of Nations council has handed down its decision on the Greco-Bulgarian conflict, according to United Press advices from Athens late today.

A decision on the question of evacuation can be taken in the Monday council session at Paris, but it is also possible that this decision would have to await investigation on the spot by a council committee.

An Exchange Telegraph message from Athens said Greece had issued peremptory orders to her troops to cease advancing into Bulgaria. Meantime a United Press message from Athens said the chief of the general staff confirmed that he is continuing occupation of Bulgarian territory over a tract of 30 kilometers (20 miles) long and running 10 kilometers northward from Petrich.

COME WITHIN STRIKING DISTANCE

St. Paul, Oct. 24.—(UP)—Teams raising funds in St. Paul's annual Community Chest drive came within striking distance of their goal Friday.

A total of \$490,209 had been raised of the \$550,000 needed. Virtually all St. Paul charities and semi-charities are cared for out of the Community Chest which eliminates periodical drives for individual institutions.

MUCH MARRIED MAN SERVING SENTENCE

Winona, Oct. 24.—(UP)—J. C. Hoffman, former musician, today began serving a sentence of five years in Stillwater prison for bigamy. Mrs. Thelma Holmberg Hoffman, his Winona wife, accompanied him as far as the prison. Hoffman is expected to appeal his sentence to the state supreme court.

YOUNG DURAND FOUND GUILTY OF A ROBBERY

CHARGED WITH PARTICIPATING IN SAME WITH 2 OTHER YOUTHS

PEARL NECKLACE WAS FOUND IN HIS POSSESSION

Waukegan, Ill., Oct. 24.—(UP)—Jack Durand, wandering ward of the millionaire Scott Durand family, was at liberty today under bond of \$10,000 pending an appeal from his conviction on a charge of burglary. Young Durand was found guilty by a jury here last night of participating with two other youths in the robbery of the F. Edson White home in Lake Forest.

The robbery occurred more than a year ago and a pearl necklace belonging to White's daughter, was found in Jack's possession. White is the millionaire president of Armour & Co.

Sentence will not be passed pending outcome of the appeal for a new trial which is to be taken to the state supreme court.

James Miller, Durand's co-defendant, was also found guilty and will be sentenced later. Both youths face terms of from 3 to 20 years in the penitentiary.

Durand's contention was that he knew nothing of the robbery and that Miller gave him the necklace without explaining where it was obtained.

Francis Patterson, the third youth, admitted the crime and testified against Durand and Miller. He pleaded guilty and was sentenced to a 10 year term in prison.

CLUES, THEORIES, AND TIPS, ALL THAT REMAINS AT KENOSHA

Kenosha, Wis., Oct. 24.—(UP)—While Kenosha county authorities are for discontinuing their investigation into the slaying of Miss Madeleine Latimer and James Sears, they admit that about all that remains are clues, theories and tips.

Having run down every clue and questioned a number of suspects the authorities have gotten nowhere and there is every indication the murder will be written into criminal history as another unsolved mystery.

MOTHER OF U. S. MINISTER TO NORWAY DIED IN MILL CITY

Minneapolis, Oct. 24.—(UP)—Mrs. Kristi Swenson, mother of Lauritis S. Swenson, United States Minister to Norway, died late Friday at her Nicollet county farm house. Her son was about to embark from New York for Oslo to resume his diplomatic duties.

Three weeks ago the nine children of Mrs. Swenson gathered for a family reunion. The minister came from Norway for the occasion and remained here two weeks. He left Saturday for New York and was ready to sail today on the Berangeria.

4 BANDITS STEAL \$20,000 IN GOLD

HOLD UP WEST McHENRY BANK IN ELGIN, ILL.

Elgin, Ill., Oct. 24.—(UP)—Four bandits armed with sawed off shot guns held up the West McHenry bank shortly before noon today and secured \$20,000 in gold, silver and currency.

While two of the gang stood guard the other two men entered the bank and at the point of guns forced the president and cashier to open the vault. The money was taken from the vault.

The men escaped in an automobile.

COAST GUARD CREWS DRAG DULUTH SHIP CANAL FOR BODY

Duluth, Oct. 24.—(UP)—Coast-guard crews were dragging the ship canal here today for the body of Frank E. Culver, son of J. B. Culver, first mayor of Duluth, who committed suicide by drowning late yesterday.

Culver had been chief clerk of the public works division of the city for years. He is survived by two sisters and a brother.

DELANO REPORT ON INHERITANCE TAX APPROVED

CHAIRMAN GREEN OF HOUSE COMMITTEE FAVORS COMPROMISE

GREEN ABANDONS HIS OWN PROPOSAL PREVIOUSLY SUBMITTED

By PAUL R. MALLON
(United Press Staff Correspondent)

Washington, Oct. 24.—Endorsement of the Delano report providing that the federal government abandon the inheritance tax field in six years was personally given today by Chairman Green of the house ways and means committee. This action gave marked impetus to the program which would have congress write in its new tax bill next session a repeal of inheritance taxes six years hence and immediate reduction of the maximum rate from 40 to 15 per cent.

In approving the Delano report, Green abandoned his own proposal which was in conflict with that of Secretary of the Treasury Mellon.

The Delano report is a compromise of the stands which have been taken by Mellon and Green. Mellon was for a straight out repeal of the present federal inheritance tax in states where there is at present no inheritance and would collect from states where there is an inheritance tax, the difference between the federal and state tax.

The new compromise proposal was submitted to the committee yesterday by Frederick A. Delano and grew out of a conference of 25 state representatives called at the suggestion of President Coolidge. Its chief feature provides that congress should immediately repeal the present inheritance tax with a provision that it should be effective six years hence and that in the meantime the states would be urged to adopt a uniform tax law.

MINNEAPOLIS COUPLE RETURNED TO SEATTLE

Minneapolis, Oct. 24.—(UP)—Mr. and Mrs. Joseph Neal, charged with complicity in a \$2,000 holdup of a department store messenger, in Seattle, Wash., were taken back to the coast city today.

The pair was arrested here two weeks ago. They are being taken to Seattle by a policeman and his wife from that city, deputized for special duty.

7 EMPLOYEES OF EAGLES GET 8 MONTHS IN JAIL

Minneapolis, Oct. 24.—(UP)—Seven employees of the St. Anthony Aerie of Eagles were sentenced to eight months in Winona county jail here today for violation of the prohibition laws.

The seven sentenced were among 17 indicted following a raid on the club house last May. The other 10 named will be tried later. Those sentenced pleaded guilty to a charge of maintaining a nuisance.

HELD VIOLATING LOTTERY LAWS OF TWO STATES

FARGO, MOORHEAD MERCHANTS OFFERED MERCHANDISE ON CHANCES WITH PURCHASES

CAMPAIGNS RESULTED FROM BUSINESS RIVALRY OF THE TWO TOWNS

St. Paul, Oct. 24.—(UP)—Gift campaigns of Fargo and Moorhead merchants may be called off at once, Moorhead visitors at the capitol indicated today.

Attorneys general of Minnesota and North Dakota conferred at length on the subject of the campaigns which are alleged to be in violation of the lottery laws of the two states. Attorney General Geo. F. Schafer of North Dakota and H. Horner, state's attorney at Fargo, reached an agreement with Attorney General Clifford L. Hilton of Minnesota in regard to the controversy.

In the absence of Attorney General Hilton today Charles Wilson, new assistant attorney general, said officials of the two states hoped the merchants of Fargo and Moorhead would call off the gift campaigns rather than face possible court action.

Fargo and Moorhead merchants have offered thousands of dollars' worth of merchandise on chances with each purchase of goods. The campaigns resulted from business rivalry of the two towns.

ACQUITTED OF MURDER CHARGE

Oshkosh, Wis., Oct. 24.—(UP)—Victor H. Baker, Berlin, Wis., chiropractor, was today acquitted of a charge of murder in connection with the death of his wife who was fatally shot at a camp site near Fremont.

The case was given to the jury of eight men and four women late yesterday.

The sealed verdict was submitted to the court at 10 a. m. today. Mrs. Baker was fatally shot by a gun which Baker held and which he contended was accidentally discharged while he was cleaning it. The state claimed that Baker had taken out a great deal of insurance on his wife and that the shooting was not accidental.

MINNESOTA BANKERS WARNED TO LOOK OUT FOR BANDITS

St. Paul, Oct. 24.—(UP)—Minnesota bankers today were warned, "Look out for holdup men."

DECIDESBULGAR TERRITORY NOW IN
POSSESSION IS TRACT 30
KILOMETERS LONGBy WEBB MILLER
(United Press Staff Correspondent)
London, Oct. 24.—Greece is not only holding fast to territory she occupied in Bulgaria, but is determined to keep her grip on the region and not evacuate before the League of Nations council has handed down its decision on the Greco-Bulgarian conflict, according to United Press advices from Athens late today.

A decision on the question of evacuation can be taken in the Monday council session at Paris, but it is also possible that the decision would have to await investigation on the spot by a council committee.

An Exchange Telegraph message from Athens said Greece had issued peremptory orders to her troops to cease advancing into Bulgaria. Meantime a United Press message from Athens said the chief of the general staff confirmed that he is continuing occupation of Bulgarian territory over a tract of 30 kilometers (20 miles) long and running 10 kilometers northward from Petrich.

COME WITHING
STRIKING DISTANCE

St. Paul, Oct. 24.—(UP)—Teams raising funds in St. Paul's annual Community Chest drive came within striking distance of their goal Friday.

A total of \$490,209 had been raised of the \$650,000 needed. Virtually all St. Paul charities and semi-charities are cared for out of the Community Chest which eliminates periodical drives for individual institutions.

S. B. WAY IS NEW
PRESIDENT OF POWER
COMPANY, MILWAUKEE

Milwaukee, Wis., Oct. 24.—(UP)—S. B. Way, formerly operating head of the Milwaukee Electric Light & Light Company, has been chosen president of the concern, succeeding John I. Beggs, who died here a week ago. His election took place at a meeting of the board of directors of the company in New York.

WILLIAM BRANDT
INDICTED FOR MURDER

St. Paul, Oct. 24.—(UP)—William Brandt was indicted late Friday by the Ramsey county grand jury for the alleged murder of Francis Pioletti, 11 year Italian boy. He was to be arraigned today. Brandt is said by police to have confessed during the boy into a deserted house where he mutilated his body.

SERVING SENTENCE

Winona, Oct. 24.—(UP)—J. C. Hoffman, former musician, today began serving a sentence of five years in Stillwater prison for bigamy. Mrs. Thelma Holmberg Hoffman, his Winona wife, accompanied him as far as the prison.

Hoffman is expected to appeal his sentence to the state supreme court.

YOUNG DURAND
FOUND GUILTY
OF A ROBBERYCHARGED WITH PARTICIPATING
IN SAME WITH 2 OTHER
YOUTHSPEARL NECKLACE WAS FOUND
IN HIS POSSESSION

Waukegan, Ill., Oct. 24.—(UP)—Jack Durand, wandering ward of the millionaire Scott Durand family, was at liberty today under bond of \$10,000 pending an appeal from his conviction on a charge of burglary.

Young Durand was found guilty by a jury here last night of participating with two other youths in the robbery of the F. Edson White home in Lake Forest.

The robbery occurred more than a year ago and a pearl necklace belonging to White's daughter, was found in Jack's possession. White is the millionaire president of Armour & Co.

Sentence will not be passed pending outcome of the appeal for a new trial which is to be taken to the state supreme court.

James Miller, Durand's co-defendant, was also found guilty and will be sentenced later. Both youths face terms of from 3 to 20 years in the penitentiary.

Durand's contention was that he knew nothing of the robbery and that Miller gave him the necklace without explaining where it was obtained.

Francis Patterson, the third youth, admitted the crime and testified against Durand and Miller. He pleaded guilty and was sentenced to a 10 year term in prison.

CLUES, THEORIES,
AND TIPS, ALL THAT
REMAINS AT KENOSHA

Kenosha, Wis., Oct. 24.—(UP)—While Kenosha county authorities are for discontinuing their investigation into the slaying of Miss Madeleine Latimer and James Sears, they admit that about all that remains are clues, theories and tips.

Having run down every clue and questioned a number of suspects the authorities have gotten nowhere and there is every indication the murder will be written into criminal history as another unsolved mystery.

MOTHER OF U. S.
MINISTER TO NORWAY
DIED IN MILL CITY

Minneapolis, Oct. 24.—(UP)—Mrs. Kristi Swenson, mother of Laurits S. Swenson, United States Minister to Norway, died Friday at her Nicollet county farm house. Her son was about to embark from New York for Oslo to resume his diplomatic duties.

Three weeks ago the nine children of Mrs. Swenson gathered for a family reunion. The minister came from Norway for the occasion and remained here two weeks. He left Saturday for New York and was ready to sail today on the Berangeria.

4 BANDITS STEAL
\$20,000 IN GOLDHOLD UP WEST MCHENRY BANK
IN ELGIN,
ILL.

Elgin, Ill., Oct. 24.—(UP)—Four bandits armed with sawed off shot guns held up the West McHenry bank shortly before noon today and secured \$20,000 in gold, silver and currency.

While two of the gang stood guard the other two men entered the bank and at the point of guns forced the president and cashier to open the vault. The money was taken from the vault.

The men escaped in an automobile.

COAST GUARD CREWS
DRAG DULUTH SHIP
CANAL FOR BODY

Duluth, Oct. 24.—(UP)—Coast-guard crews were dragging the ship canal here today for the body of Frank E. Culver, son of J. B. Culver, first mayor of Duluth, who committed suicide by drowning late yesterday.

Culver had been chief clerk of the public works division of the city for years. He is survived by two sisters and a brother.

HANGED HIMSELF

Virginia, Minn., Oct. 24.—(UP)—Using his necktie for a noose, William Kelly, aged lumberjack, committed suicide in the city jail here by hanging himself. He was arrested on a charge of drunkenness. Authorities have been unable to find relatives.

DELANO REPORT
ON INHERITANCE
TAX APPROVEDCHAIRMAN GREEN OF HOUSE
COMMITTEE FAVORS COM-
MITTEEGREEN ABANDONS HIS OWN
PROPOSAL PREVIOUSLY
SUBMITTEDBy PAUL R. MALLON
(United Press Staff Correspondent)
Washington, Oct. 24.—Endorsement of the Delano report providing that the federal government abandon the inheritance tax field in six years was personally given today by Chairman Green of the house ways and means committee. This action gave marked impetus to the program which would have congress write in its new tax bill next session a repeal of inheritance taxes six years hence and immediate reduction of the maximum rate from 40 to 15 per cent.

In approving the Delano report, Green abandoned his own proposal which was in conflict with that of Secretary of the Treasury Mellon.

The Delano report is a compromise of the stands which have been taken by Mellon and Green. Mellon was for a straight out repeal of the present federal inheritance tax in states where there is at present no inheritance and would collect from states where there is an inheritance tax, the difference between the federal and state tax.

The new compromise proposal was submitted to the committee yesterday by Frederick A. Delano and grew out of a conference of 25 state representatives called at the suggestion of President Coolidge. Its chief feature provides that congress should immediately repeal the present inheritance tax with a provision that it should be effective six years hence and that in the meantime the states would be urged to adopt a uniform tax law.

MINNEAPOLIS COUPLE
RETURNED TO SEATTLE

Minneapolis, Oct. 24.—(UP)—Mr. and Mrs. Joseph Neal, charged with complicity in a \$2,000 holdup of a department store messenger, in Seattle, Wash., were taken back to the coast city today.

The pair was arrested here two weeks ago. They are being taken to Seattle by a policeman and his wife from that city, deputized for special duty.

7 EMPLOYEES OF
EAGLES GET 8
MONTHS IN JAIL

Minneapolis, Oct. 24.—(UP)—Seven employees of the St. Anthony Aerie of Eagles were sentenced to eight months in Winona county jail here today for violation of the prohibition laws.

The seven sentenced were among 17 indicted following a raid on the club house last May. The other 10 named will be tried later. Those sentenced pleaded guilty to a charge of maintaining a nuisance.

HELD VIOLATING
LOTTERY LAWS
OF TWO STATESFARGO, MOORHEAD MERCHANTS
OFFERED MERCHANDISE ON
CHANCES WITH PURCHASESCAMPAIGNS RESULTED FROM
BUSINESS RIVALRY OF THE
TWO TOWNS

St. Paul, Oct. 24.—(UP)—Gift campaigns of Fargo and Moorhead merchants may be called off at once, Moorhead visitors at the capitol indicated today.

Attorneys general of Minnesota and North Dakota conferred at length on the subject of the campaigns which are alleged to be in violation of the lottery laws of the two states. Attorney General Geo. F. Schafer of North Dakota and H. Horner, state's attorney at Fargo, reached an agreement with Attorney General Clifford L. Hilton of Minnesota in regard to the controversy.

In the absence of Attorney General Hilton today Charles Wilson, new assistant attorney general, said officials of the two states hoped the merchants of Fargo and Moorhead would call off the gift campaigns rather than face possible court action.

Fargo and Moorhead merchants have offered thousands of dollars' worth of merchandise on chances with each purchase of goods. The campaigns resulted from business rivalry of the two towns.

ACQUITTED OF
MURDER CHARGE

Oshkosh, Wis., Oct. 24.—(UP)—Victor H. Baker, Berlin, Wis., chiropractor, was today acquitted of a charge of murder in connection with the death of his wife who was fatally shot at a camp site near Fremont.

The case was given to the jury of eight men and four women late yesterday.

The sealed verdict was submitted to the court at 10 a. m. today.

Mrs. Baker was fatally shot by a gun which Baker held and which he contended was accidentally discharged while he was cleaning it. The state claimed that Baker had taken out a great deal of insurance on his wife and that the shooting was not accidental.

MINNESOTA BANKERS
WARNED TO LOOK
OUT FOR BANDITS

St. Paul, Oct. 24.—(UP)—Minnesota bankers today were warned, "Look out for holdup men."

C. D. Brown, manager of the Minnesota Bankers' association, announced a bank burglary may be expected somewhere in the state this week or early next week. Bankers were advised to watch out for suspicious characters in the guise of hunters.

EXPLOSION WRECKS

The groom is well known in Brainerd where he was born and raised. He is a son of Mr. and Mrs. A. Shanks, of Northeast Brainerd, where the newlyweds are spending a portion of their honeymoon.

They will make their home in Madison, Wis., where Mr. Shanks is employed at his trade, that of boilermaker. His many Brainerd friends extend congratulations and best wishes.

CITY'S LAW ON PEDDLERS

Ordinance Permits Only Sale of Fresh Fruits and Vegetables

OTHER SALES PROHIBITED

Puts Ban on Peddlers Selling Rugs, Meat, Poultry, Clothing, Etc.

Many Brainerd people have been making inquiries concerning the city ordinance governing peddlers and peddlers' licenses. A number of agents, strangers in the city, have been making house-to-house canvasses recently, and to safeguard the business men and housewives, the Dispatch is publishing the following information regarding the ordinances covering peddlers.

Licenses to peddlers are restricted by the city ordinance, so that only a few articles can be sold in this manner, and includes fresh fruits and vegetables.

Certain merchandise is banned, and includes such articles as rugs, meat, poultry, drugs, clothing, furs, wearing apparel, umbrellas, caskets, medicines, watches, jewelry and plated or silver ware.

Peddlers' licenses must be obtained from the city clerk, and cost \$5 per day. Farmers residing in this county are not regarded as peddlers, and are allowed to sell their produce throughout the city. Allowances are also made for veterans of the World war, as to paying the required fee, but they cannot sell articles throughout the city that are banned by the ordinances.

North Pole and Broadway

Perry discovered the North pole, undergoing untold rigors and privations in the course of his tremendous task. Three years later, at an explorers' club dinner, he complained vexedly to me that he had just caught a dangerous cold from walking down Broadway in the slush without his rubbers.—Albert Payson Terhune, in Hearst's International Cosmopolitan.

Shakespeare's Power

This therefore is the praise of Shakespeare, that his drama is the mirror of life; that he who has mazed his imagination in following the phantoms which other writers raise up before him, may here be cured of his delirious ecstasies by reading human sentiments in human language, by scenes from which a hermit may estimate the transactions of the world, and a confessor predict the progress of the passions.—Samuel Johnson.

SONS OF NORWAY STAGE A LECTURE

B. Bjornaraa to Speak at Odd Fellows Hall This Saturday Evening, Oct. 24

NO ADMISSION FEE

Collection to be Taken, And After the Lecture Refreshments Will be Served

The local lodge of the Sons of Norway has been fortunate in securing the widely known Norse lecturer, B. Bjornaraa, who will speak in Brainerd on Saturday this evening, October 24th.

Mr. Bjornaraa has traveled extensively in his lecture tours, and comes to Brainerd with the best of recommendations from other points where he has appeared, and it is felt that the Norwegians of Brainerd will be greatly benefitted by hearing him tonight. The lecture will be held in the I. O. O. F. hall and will commence at 8 o'clock.

There will be no admission fee, but a collection will be taken to assist in defraying the speaker's expenses. After the lecture refreshments will be served and a real "Norsk Kvald" is promised. It is

New Continent in Pacific?

Edwin Fairfax Nautly of New York, for many years a student of the earth's movements, says that the Hawaiian islands are gradually rising from the sea and that within a generation the group, now containing 6,454 square miles, will be equal in area to Japan. The fact that Japan's area, including the Japanese portion of the island of Sakhalin, is 173,833 square miles, indicates the importance of Mr. Nautly's prediction.

If this forecast be confirmed, Nature will have restored a lost Atlantis in the mid-Pacific and placed under the domination of the American flag virgin territory more than three times as large as the state of Kentucky. Addition of 166,000 square miles of habitable land to the earth's area would be one of the most remarkable developments in cosmography known since recorded history began.—Louisville Courier-Journal.

Growth of Banks of United States

Increase in deposits since June 30, 1919, to April 6, 1925 — \$12,966,621,000

Out of this sum there was deposited in State Banks some over 3/4 of this amount or — \$9,481,539,000

The National Association of Supervisors of State Banks recently met at St. Paul. Mr. R. N. Sims, Vice President of the Hibernia Bank & Trust Company of New Orleans, Secretary of the Association, gave a report at this meeting from which the above figures have been taken. These figures include banks under State and National Supervision.

First Baptist Church
The Church of the Cordial Welcome
9:45 A. M.—Sunday school. Help our school to grow in attendance and interest as it has been for several weeks. We need you, you need us.
11 A. M.—Morning service.
6:45 P. M.—B. Y. P. U. A live young people's organization for you. Come and help it grow in usefulness. The attendance is growing but there is room for you.
7:45 P. M.—Evening service.
At both the morning and evening service, Rev. Stewart Bane will preach. His messages are fine for their clear style and presentation. A cordial invitation is extended to the members and friends of the church to attend all our services. The choir and chorus will render special music at both services.
On Thursday evening, Oct. 29th, the weekly prayer meeting and Bible study will be held at the church, to which you are invited.
At the close of the meeting a business session of the church will be held to which every member and friend is urged to be present.
The monthly meeting of the board will be held at the church Monday evening, Oct. 26th, at 8 P. M.
Remember the Square Up, Pay Up Campaign. This is coming good and with your help it will go over the top.

HOPED TO DO BETTER
"This morning in my first game of golf I made it in fifty."
"Great—simply great!"
"I hope to do better at the second hole tomorrow, however."

BEHIND AND AFTER HIM
"Tom says he has a number of citizens behind him in his business operations."
"Yes—trying to catch up with him, I hear."

Fish in Sahara Desert
Live fish and shellfish, similar to those inhabiting the lakes of Palestine, have been found by artesian well borers at depths of 200 feet and 300 feet beneath the burning sands of the Sahara desert.

WHERE MOST SEEN
"America is characterized by bigness."
"Yes—very noticeable in the swelled heads."

THE EXPLANATION
Wigg—I'm afraid, old man, you didn't think much of the speaking at the banquet last night. The fact is, a noted wit failed us.
Wagg—Ah, that accounts for your trying to get along with a couple of half-wits, eh?

QUITE ENOUGH
Physician—Let me feel your pulse.
Patient—It has been felt about a hundred dollars' worth, already.

Mudguards, Easily Detached, Now Provided for Milady Instead of Those Clumping Goloches

Mudguards—that's just what they are, and it seems that a blow is being struck at the flapping goloches so dear to the flapper's heart for several seasons. The mud-guard boosters merely say that they provide ample protection from mud and rain and point out that they can be readily attached and detached. Now we shall see how the flapper takes to 'em.

ELKS STATE ASSOCIATION MOVIES

The Elks State association movies, produced by Finkelstein & Ruben and Brainerd lodge through the efforts of the lodge and association publicity chairman, continue to gain valuable publicity for the Elks and Brainerd.

The October issue of the official magazine of the Elks, of which Lannie C. Horne is editor and publisher, states: "The moving pictures taken at Brainerd of the last convention of the Minnesota State Elks' Association are being shown at the Garrick theatre, St. Paul, for the week of October 17 and members of Fifty-Nine are urged to see this most interesting picture.

Many of the prominent citizens of St. Paul are shown in the picture and the drum and bugle corps of Fifty-Nine is shown several times. The Finkelstein & Ruben organization are presenting the picture and it is being shown in St. Paul before it goes to Minneapolis in which city it is scheduled for the week of November 1. The picture runs about twenty minutes and will prove of interest whether you attended the last convention or not.

Elks in other sections of the state who have seen this picture are most enthusiastic and praise the photography most highly. "Doc" Ingerson, the Exalted Ruler of Fifty-Nine, "Ike" Lederer, "Joe" Shiely, "Doc" Leech, George Moeller, "Gerry" Cannon, and other Fifty-Niners are prominent in the picture.

The St. Paul Pioneer Press said this about the pictures: "The members of the St. Paul Elks drum and bugle corps will attend the Garrick theatre as guests of William Clifford, manager of the theatre. They will see Harold Lloyd's latest comedy, 'The Freshman,' which is playing a second week.

A film showing the drum corps in action at the national convention in Portland last July and the state convention at Brainerd last August will be a part of the special entertainment."

Several lines of work have been connected with this publicity feature of the Elks, every phase of which is being successfully carried out. Getting the proposition financed was one job; taking the pictures, another; developing and tiling a third; and now the distribution and production is proceeding in a highly satisfactory manner, due to the energy of Finkelstein & Ruben and their energetic manager Theodore L. Hays.

APPLE WEEK

The Northern Pacific is cooperating in the observance of national apple week, October 31 to November 6.

Special arrangements are being made to make a very wide distribution of a menu and apple information book called "Apple Talk," a display of apples will be placed in the principal ticket offices; special apple dishes will be served on Northern Pacific dining cars. Big baked apples will be featured.

Just imagine how the kids would observe the week if Dad bought a barrel of apples for the occasion.

GIVING MESSAGE TO COMMUNITY

It is necessary for the merchant to reach out with circulars, but his most important advertising business is to get his message to the newspaper readers in his home town community, says the Willmar Republican-Gazette.

The excellent highways that may cause the local merchant to hope for the trade that may come from miles away are just as good going as they are coming.

SPEAKING to Princeton undergraduates at the college opening, President Hibben gave some praise to the band of "loyal pluggers" who, in fact, turn out as much work and really do more for the good of the world than a handful of the "genius" tribe. The latter often go up like the Fourth of July rocket, brilliant and inspiring, and get the chorus of "ah's," and after carrying out their little mission in crimsoning the skies of the west, go kerplunk, just a charred stick, into the waters of oblivion.

SUCH is life! A few days ago, and we anxiously scanned the papers to see if any more bodies had been found in the sunken submarine S51. Then the work of rescue turned to a mere job of salvaging the broken toy of the waves, and but little news has seeped out from the scene of operations.

OUR otherwise undisturbed view of the future has been rudely dispelled by the assertion of medical experts that it's impossible to quarantine or isolate the influenza germ and that sometime or another we may have another epidemic of weeping eyes and running noses.

"CAT-EYE-LIL" seems to have had her eye open for valuable jewelry. The woman posed as a maid in society households, long enough to acquire jewelry, and then decamped for other fields. Her last theft was \$75,000 worth from a Buffalo home.

If you want to do good in this world, if you want to scatter cheery smiles and your little contributions of cash, you don't have to be a member of this and that organization, or this and that committee. Act individually.

CONSIDERING the number of groundings and reef tapping and sinkings, a philosopher might deduce the argument that our navy was encroaching on land operations.

THE League of Nations is accomplishing things when it makes members and co-workers of such dissimilar constituents as the Irish and the Teutons.

If federal war excise taxes on motor products are repealed, there will follow a corresponding cut in automobile prices, it is stated.

50-Kilometer Peace Zone Along the Rhine's East Bank as Provided for in Locarno Security Pact

By the terms of the Rhineland pact signed at Locarno, Switzerland, by representatives of France, Germany, Belgium, Great Britain and Italy, a 50-kilometer strip on the east bank of the Rhine is to remain permanently demilitarized. This zone, extending from Holland to Switzerland, is indicated by the above map.

GREECE INSISTS HER DEMANDS BE FULFILLED

Continued from page 1
ministry, but manifestly reflecting the views of the premier, said:

"I beg to state that following the treaty disarmament of Bulgaria, we are at present the victim of an entirely unjustified attack. On October 19 a small local frontier incident was provoked by a Greek frontier post. Bulgaria offered immediately to have the incident investigated on the spot by a mixed commission and abide by the decisions of this body. This offer was thrice repeated. Instead of answering the Greeks ordered their armies to invade Bulgaria. The advance of the Greek armies continues up to date (October 23)."

"They have occupied territory 32 kilometers in length and 2 kilometers wide.

"Artillery bombarded completely undefended Bulgarian localities killing and wounding civilians, including women and children. The population of this region is greatly excited and is fleeing, abandoning their homes and creating difficulties for the authorities. Despite everything Bulgaria has ordered her frontier guards withdrawn and is determined to maintain a peaceful attitude. Bulgarian public opinion is awaiting a just decision of the League of Nations."

CLAIM NEW GREEK ADVANCE

Vienna, Oct. 24.—Sofia messages today claimed a new Greek advance was being made "in the neighborhood of Saloniki."

Saloniki is on the Gulf of Saloniki, 50 miles or more from the scene of the Greco-Bulgarian conflict, and maps do not reveal any Saloniki around the fighting zone. This may have reference to Greek reinforcements from that point or may be the cable garbling of the word of another town.

GREEKS AGAIN BOMBARD PETRICH

London, Oct. 24.—The Vienna correspondent of the Exchange Telegraph today cabled Sofia reports that the Greeks had resumed their advance against the Bulgarians near the Macedonian frontier last night and had again bombarded the town of Petrich.

REPORT GREEK ADVANCE TO BULGARIAN FRONTIER

London, Oct. 24.—Sofia advices reported by the Exchange Telegraph's Vienna correspondent today said that strong Greek detachments were proceeding from Saloniki toward the Bulgarian frontier.

SAY GREEKS TOOK A WINE CENTER

Vienna, Oct. 24.—An unconfirmed report from Sofia this afternoon claimed that the Greeks had renewed their advance on the east bank of the river Struma and had captured Melnik, a famous wine center. Melnik lies a few miles north of Petrich (Petrishi) which the Greeks shelled and have included in their occupation area.

GREECE HAS ACCEPTED PROPOSAL FOR INTERVENTION

THREE INDICTED FOR HARBORING FUGITIVE

St. Paul, Oct. 24.—(UP)—For harboring Harold Gadois, a fugitive from justice, William F. Himes, Frank King and "John Doe" were indicted by the Ramsey county grand jury late Friday. The identity of the third man was not disclosed, because he is said by police to be away on a hunting trip and they are awaiting his return.

Gadois was wanted for perjury growing out of his testimony in the first trial of Ben and Abe Gleeman for the murder of Burton Stevens. The indictment of the three men was brought on testimony that they had aided Gadois after he disappeared from St. Paul following his testimony at the Gleeman trial. Money had been sent to him while he was away, according to County Attorney Harry H. Peterson.

This Is What Kills Farm Machinery

IF THE ACTUAL WORK THEY DO was all your machines had to stand they would last a lot longer than they do. Suppose you figure up roughly the cost of replacing each of them. It's a lot of money, isn't it? Reliable statistics show that machines left out in the open all the time last just about half as long as they would if put under cover and given a little grease and paint treatment as soon as their work for the year is finished.

Take twelve of the most common farm machines—plow, disc, harrow, corn planter, drill, cultivator, mower, grain binder, corn binder, dump rake, hay loader, manure spreader, and wagon. The average life of these machines when left under a sky roof the year round is seldom more than 7½ years. In many cases some machines go to the "grave yard" in 3 or 4 years. And there is always a lot of hard work and expensive repairs each Spring to make before those that are left are fit to use.

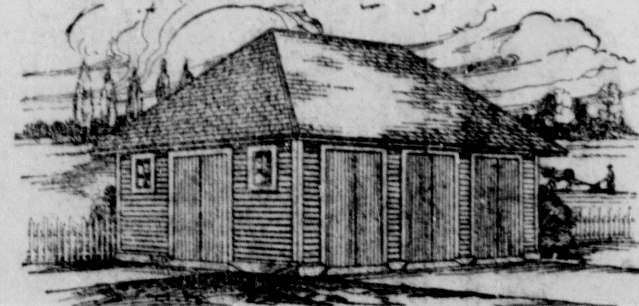

The Machine Grave Yard

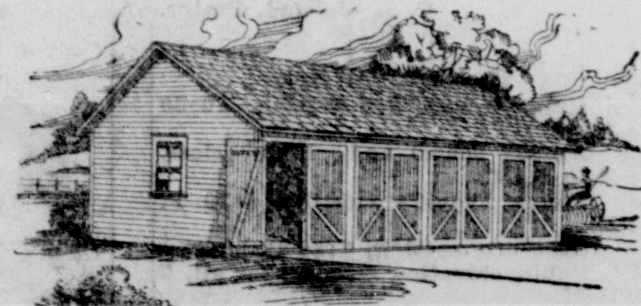

Those same machines when placed in a weather-tight shed on a cement floor, as soon as their season's work is done, will last at least 15 years and there are numerous instances where well cared for grain binders have done good work for 25 years. Such lengthening of machine life and consequent reduction of machine repair and replacement costs are surely worth while. Think of practically cutting out one half of your new machine bills and reducing repair bills by a third to a half or more every year. Isn't that well worth while when all it costs to do it is the price of a simple shed? We are sure you will agree that it is.

This is the time to build the shed and get the machines into it and grease them before rust has a chance to cost you anything this year. They are all in good order now but they won't stay that way long. One rain will start the rust and it works fast after it gets started.

We show two more shed designs here, both of which are good. We have all the other good ones here at our office and will give you a price on any of them in a hurry.

ELKS STATE ASSOCIATION MOVIES

THE Elks State association movies, produced by Finkelstein & Ruben and Brainerd lodge through the efforts of the lodge and association publicity chairman, continue to gain valuable publicity for the Elks and Brainerd.

The October issue of the official magazine of the Elks, of which Lannie C. Horne is editor and publisher, states: "The moving pictures taken at Brainerd of the last convention of the Minnesota State Elks' association are being shown at the Garrick theatre, St. Paul, for the week of October 17 and members of Fifty-Nine are urged to see this most interesting picture.

Many of the prominent citizens of St. Paul are shown in the picture and the drum and bugle corps of Fifty-Nine is shown several times. The Finkelstein & Ruben organization are presenting the picture and it is being shown in St. Paul before it goes to Minneapolis in which city it is scheduled for the week of November 1. The picture runs about twenty minutes and will prove of interest whether you attended the last convention or not.

Elks in other sections of the state who have seen this picture are most enthusiastic and praise the photography most highly. "Doc" Ingerson, the Exalted Ruler of Fifty-Nine, "Ike" Lederer, "Joe" Shiley, "Doc" Leech, George Moeller, "Gerry" Cannon, and other Fifty-Niners are prominent in the picture."

The St. Paul Pioneer Press said this about the pictures: "The members of the St. Paul Elks drum and bugle corps will attend the Garrick theatre as guests of William Clifford, manager of the theatre. They will see Harold Lloyd's latest comedy, 'The Freshman,' which is playing a second week.

A film showing the drum corps in action at the national convention in Portland last July and the state convention at Brainerd last August will be a part of the special entertainment."

Several lines of work have been connected with this publicity feature of the Elks, every phase of which is being successfully carried out. Getting the proposition financed was one job; taking the pictures, another; developing and titling a third; and now the distribution and production is proceeding in a highly satisfactory manner, due to the energy of Finkelstein & Ruben and their energetic manager Theodore L. Hays.

APPLE WEEK

THE Northern Pacific is cooperating in the observance of national apple week, October 31 to November 6.

Special arrangements are being made to make a very wide distribution of a menu and apple information book called "Apple Talk," a display of apples will be placed in the principal ticket offices; special apple dishes will be served on Northern Pacific dining cars. Big baked apples will be featured.

Just imagine how the kids would observe the week if Dad bought a barrel of apples for the occasion.

GIVING MESSAGE TO COMMUNITY

IT is necessary for the merchant to reach out with circulars, but his most important advertising business is to get his message to the newspaper readers in his home town community, says the Willmar Republican-Gazette.

SPEAKING to Princeton undergraduates at the college opening, President Hibben gave some praise to the band of "loyal pluggers" who, in fact, turn out as much work and really do more for the good of the world than a handful of the "genius" tribe. The latter often go up like the Fourth of July rocket, brilliant and inspiring, and get the chorus of "ah's," and after carrying out their little mission in crimsoning the skies of the west, go kerpunk, just a charred stick, into the waters of oblivion.

SUCH is life! A few days ago, and we anxiously scanned the papers to see if any more bodies had been found in the sunken submarine S51. Then the work of rescue turned to a mere job of salvaging the broken toy of the waves, and but little news has seeped out from the scene of operations.

OUR otherwise undisturbed view of the future has been rudely dispelled by the assertion of medical experts that it's impossible to quarantine or isolate the influenza germ and that sometime or another we may have another epidemic of weeping eyes and running noses.

"I beg to state that following the treaty disarmament of Bulgaria, we are at present the victim of an entirely unjustified attack. On October 19 a small local frontier incident was provoked by a Greek frontier post. Bulgaria offered immediately to have the incident investigated on the spot by a mixed commission and abide by the decisions of this body. This offer was thrice repeated. Instead of answering the Greeks ordered their armies to invade Bulgaria. The advance of the Greek armies continues up to date (October 23)."

"They have occupied territory 32 kilometers in length and 2 kilometers wide.

"Artillery bombarded completely undefended Bulgarian localities killing and wounding civilians, including women and children. The population of this region is greatly excited and is fleeing, abandoning their homes and creating difficulties for the authorities. Despite everything Bulgaria has ordered her frontier guards withdrawn and is determined to maintain a peaceful attitude. Bulgarian public opinion is awaiting a just decision of the League of Nations."

CLAIM NEW GREEK ADVANCE

Vienna, Oct. 24.—Sofia messages today claimed a new Greek advance was being made "in the neighborhood of Saloniki."

Saloniki is on the Gulf of Saloniki, 50 miles or more from the scene of the Greco-Bulgarian conflict, and maps do not reveal any Saloniki around the fighting zone. This may have reference to Greek reinforcements from that point or may be the cable garbling of the word of another town.

THREE INDICTED FOR HARBORING FUGITIVE

St. Paul, Oct. 24.—(UP)—For harboring Harold Gadois, a fugitive from justice, William F. Himes, Frank King and "John Doe" were indicted by the Ramsey county grand jury late Friday. The identity of the third man was not disclosed, because he is said by police to be away on a hunting trip and they are awaiting his return.

Gadois was wanted for perjury growing out of his testimony in the first trial of Ben and Abe Gleeman for the murder of Burton Stevens. The indictment of the three men was brought on testimony that they had aided Gadois after he disappeared from St. Paul following his testimony at the Gleeman trial. Money had been sent to him while he was away, according to County Attorney Harry H. Peterson.

This Is What Kills Farm Machinery

IF THE ACTUAL WORK THEY DO was all your machines had to stand they would last a lot longer than they do. Suppose you figure up roughly the cost of replacing each of them. It's a lot of money, isn't it? Reliable statistics show that machines left out in the open all the time last just about half as long as they would if put under cover and given a little grease and paint treatment as soon as their work for the year is finished.

The Machine Grave Yard

Take twelve of the most common farm machines—plow, disc, harrow, corn planter, drill, cultivator, mower, grain binder, corn binder, dump rake, hay loader, manure spreader, and wagon. The average life of these machines when left under a sky roof the year round is seldom more than 7½ years. In many cases some machines go to the "grave yard" in 3 or 4 years. And there is always a lot of hard work and expensive repairs each Spring to make before those that are left are fit to use.

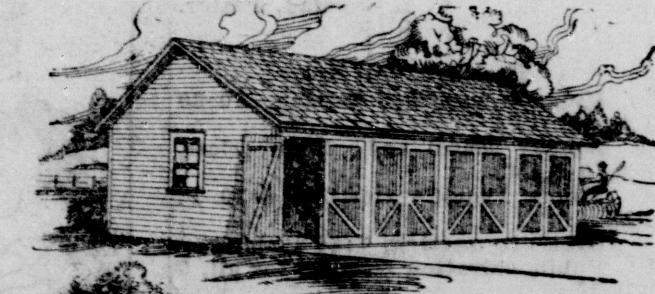

Those same machines when placed in a weather-tight shed on a cement floor, as soon as their season's work is done, will last at least 15 years and there are numerous instances where well cared for grain binders have done good work for 25 years. Such lengthening of machine life and consequent reduction of machine repair and replacement costs are surely worth while. CHAPTER XII

A chilly twilight had fallen by the time the castaways arrived at the encampment above the rapids. Kirby and his daughter were shaking from the cold. The Countess Courteau hurried on ahead to start a fire in her tent, and thither she insisted upon taking Roulette, while her men attended to the father's comfort.

On the way up there had been considerable speculation among those who knew Sam Kirby best, for none of them had ever seen the old fellow in quite such a frame of mind as now. His misfortune had crushed him; he appeared to be numbed by the realization of his overwhelming loss; gone entirely was that gambler's nonchalance for which he was famous. The winning or the losing of large sums of money had never deeply stirred the old sporting-man; the turn of a card, the swift tattoo of horses' hoofs, often had meant far more to him in dollars and cents than the destruction of that barge-load of liquor; he had seen sizable fortunes come and go without a sign of emotion, and yet tonight he was utterly unnerved.

With a man of less physical courage such an ordeal as he had undergone might well have excused a nervous collapse, but Kirby had no nerves; he had, times without number, proved himself to be a man of steel, and so it greatly puzzled his friends to see him shaken and broken.

He referred often to Danny Royal's fate, speaking in a dazed and unbelieving manner, but through that daze ran lightning-bolts of blind, ferocious rage—rage at the river, rage at this hostile, sinister country and at the curse it had put upon him. Over and over, through blue lips and chattering teeth, he reviled the rapids; more than once he lifted the broken-necked bottle to his lips. Of thanksgiving, of gratitude at his own and his daughter's deliverance, he appeared to have none, at least for the time being.

Roulette's condition was pitiable enough, but she was concerned less with it than with her father's extraordinary behavior, and when the

Countess undertook to procure for her dry clothing she protested:

"Please don't trouble. I'll warm up a bit; the I must go back to dad."

"My dear, you're chilled through—you'll die in those wet things," the older woman told her.

Miss Kirby shook her head and, in a queer, strained, apprehensive voice, said: "You don't understand. He's had a drink; if he gets started—"

She shivered wretchedly and hid her white face in her hands, then moaned: "Oh, what a day! Danny's gone! I saw him drown—"

"There, there!" The Countess comforted her as best she could. "You've had a terrible experience, but you mustn't think of it just yet. Now let me help you."

Finding that the girl's fingers were stiff and useless, the Countess removed the wet skirt and jacket, wrung them out, and hung them up. Then she produced some dry undergarments, but Miss Kirby refused to put them on.

"You'll need what few things you have," said she, "and I'll soon warm up. There's no telling what dad will do. I must keep an eye on him."

"You give yourself too much concern. He's chilled through and it's natural that he should take a drink. My men will give him something dry to wear, and meanwhile—"

Roulette interrupted with a shake of her head, but the Countess gently persisted:

"Don't take your misfortune too hard. The loss of your outfit means nothing compared with your safety. It was a great tragedy, of course, but you and your father were saved. You still have him and he has you."

"Danny knew what was coming," said the girl, and tears welled into her eyes, then slowly overflowed down her white cheeks. "But he faced it. He was game. He was a good man at heart. He had his faults, of course, but he loved dad and he loved me; why, he used to carry me out to see the horses before I could walk; he was my friend, my playmate, my pal. He'd have done murder for me!" Through her tears Roulette looked up. "It's hard for you to believe that I knew, after what he did to you, but—you know how men are on the trail. Nothing

matters. He was angry when you outwitted him, and so was father, for that matter, but I told them it served us right and I forbade them to molest you further."

"You did that? Then it's you I have to thank." The Countess smiled gravely. "I could never understand why I came off so easily. You've more than repaid—"

Roulette paused, then strained her ears to catch the sound of voices from the neighboring tents. "I don't hear father," said she. "I wonder if he could have gone?"

"Perhaps the men have put him to bed—"

But Miss Kirby would not accept this explanation. "I'm afraid—" Again she listened apprehensively. "Once he gets a taste of liquor there's no handling him; sometimes even I have failed." Hurriedly she took down her sodden skirt and made as if to draw it on.

"Oh, child, you mustn't! You simply must not go out this way. Wait here. I'll find him for you and make sure he's all right."

The half-clad girl smiled miserably. "Thank you," said she. But when the Countess had stepped out into the night she finished dressing herself. Her clothing, of course, was as wet as ever, for the warmth of the tent in these few moments had not even heated it through; nevertheless, her apprehension was so keen that she was conscious of little bodily discomfort.

"You were right," the Countess announced when she returned. "He slipped into some borrowed clothes and went up-town. He told the boys he couldn't sit still. But you must not follow—at least in that dress—"

"Did he—drink any more?" "I'm afraid he did."

"everlastingly fine performance!"

"If other cars required as little attention, as few adjustments, as the Willys-Knight—the repair shops of this country would have to close their doors tomorrow!"

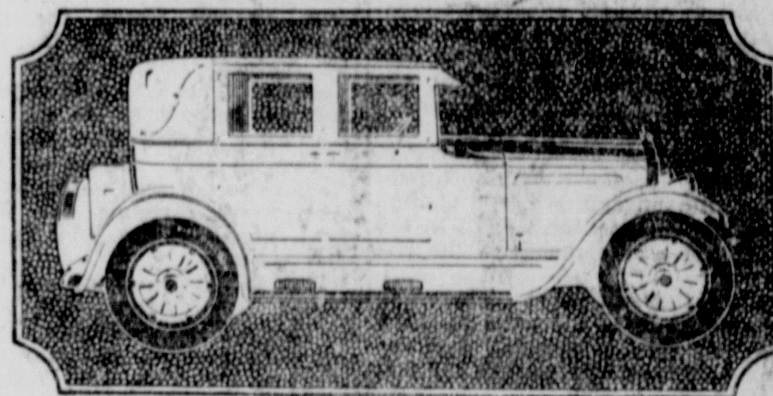

—direct from the owner of the busiest repair shop in one of our largest cities comes that statement...

"Fully 50% of our time is spent in grinding valves and cleaning out carbon", says another service station manager...

In those two significant remarks, from experience-headquarters, you have the answer to the expensive and annoying cost-of-up-keep problem that perpetually perplexes so many car owners. And, in the same breath, you have the reason for the universal satisfaction of Willys-Knight owners, today in their hundreds of thousands!

"An Engine You'll Never Wear Out"

the patented Knight sleeve-valve engine... in this lies the secret of Willys-Knight emancipation from engine-repairs, its freedom from the need for constant adjustment. This unique engine-principle means uninterrupted service, year in, year out. It means longer life for your car—

immeasurably, infinitely longer. It means a sweeter, quieter, more efficient motor-mechanism up to and beyond 100,000 miles than you enjoyed on the day you bought it!

No Carbon Troubles No Valves to Grind

... your Willys-Knight is absolutely immune from engine-complications and engine-disorders caused by carbon accumulation. "It's all the better for a bit of carbon"—any expert mechanic will tell you that. Carbon cannot harm your Willys-Knight, or cause knocks or noise, or put your car out of commission for hours and days. It is an engineering fact that carbon serves actually to facilitate this engine's functioning!

No valves to grind—no tappets, no springs, no rocker arm bushings to get out of order or replace. The Knight sleeve-valve idea gets rid of all of them. No eternal pounding of metal upon

metal—all parts of this sleeve-valve engine slide and rotate—hence no chattering of parts, no wear and tear...

... where all other engines lose in power, lose in endurance, and cost more to run as their mileage grows—the engine of your Willys-Knight actually improves with

use. It develops more horsepower, becomes sweeter and quieter, and costs less to run the more mileage you pile up on it!

A Car of Rare Beauty— Rare Distinction

And your Willys-Knight is as beautiful an automobile as you have ever cast your eyes upon. "In line and form the most graceful I have ever seen," a famous artist says. Its appointments as rich, its equipment as complete as you will find in any car, regardless of its price... See the smart Coupe-Sedan here shown. A car you will delight to drive. A car in which you will take vast pride in owning. Come, see this superb automobile. Familiarize yourself with the facts about its magnificent performance record. Consider the substantially reduced prices. Deferred payments. A small amount down. Your own convenience—52 weeks or more for balance. Your present car to apply as part payment.

SAFE MILK!

Means Only One Kind--

Pasteurized

THE MOST MODERN METHOD OF ELIMINATING POSSIBLE GERMS

Man's Best Food

Can be made Man's Safest Food—and is being made that way right here—every day—by

Pasteurization

Pasteurization does not in any way impair the food value. It does cut the germ contents and proper pasteurization makes milk safe.

Is not the pasteurizing of milk worth looking into?

How Milk Is Pasteurized

It is first sampled and graded for TASTE and QUALITY; then comes the sediment test—the acidity test and is then pumped into pasteurizing vats where it is heated to 145 degrees, held 30 minutes—cooled in the vat to 120 degrees, then pumped back over aireator and cooled to 34 degrees, put through automatic bottler and capper and is ready for your table.

More Facts You Should Know

Pasteurization of milk is under the supervision of State as well as City authorities—every one who handles it is required to have a certificate of health—this method of purifying milk is endorsed by such famous doctors as the Mayo Brothers, large city health authorities, school heads, hospital heads and doctors everywhere. Pasteurization of milk takes nothing from the food content of good milk—it only adds a safeguard to its use in raw form.

"everlastingly fine performance!"

"If other cars required as little attention, as few adjustments, as the Willys-Knight—the repair shops of this country would have to close their doors tomorrow!"

—direct from the owner of the busiest repair shop in one of our largest cities comes that statement...

"Fully 50% of our time is spent in grinding valves and cleaning out carbon", says another service station manager...

In those two significant remarks, from experience—headquarters, you have the answer to the expensive and annoying cost-of-up-keep problem that perpetually perplexes so many car owners. And, in the same breath, you have the reason for the universal satisfaction of Willys-Knight owners, today in their hundreds of thousands!

"An Engine You'll Never Wear Out"

the patented Knight sleeve-valve engine... in this lies the secret of Willys-Knight emancipation from engine-repairs, its freedom from the need for constant adjustment. This unique engine-principle means uninterrupted service, year in, year out. It means longer life for your car—

immeasurably, infinitely longer. It means a sweeter, quieter, more efficient motor-mechanism up to and beyond 100,000 miles than you enjoyed on the day you bought it!

No Carbon Troubles No Valves to Grind

... your Willys-Knight is absolutely immune from engine-complications and engine-disorders caused by carbon accumulation. "It's all the better for a bit of carbon"—any expert mechanic will tell you that. Carbon cannot harm your Willys-Knight, or cause knocks or noise, or put your car out of commission for hours and days. It is an engineering fact that carbon serves actually to facilitate this engine's functioning!

No valves to grind—no tappets, no springs, no rocker arm bushings to get out of order or replace. The Knight sleeve-valve idea gets rid of all of them. No eternal pounding of metal upon

metal—all parts of this sleeve-valve engine slide and rotate—hence no chattering of parts, no wear and tear...

... where all other engines lose in power, lose in endurance, and cost more to run as their mileage grows—the engine of your Willys-Knight actually improves with

use. It develops more horsepower, becomes sweeter and quieter, and costs less to run the more mileage you pile up on it!

A Car of Rare Beauty—Rare Distinction

And your Willys-Knight is as beautiful an automobile as you have ever cast your eyes upon. "In line and form the most graceful I have ever seen," a famous artist says. Its appointments as rich, its equipment as complete as you will find in any car, regardless of its price... See the smart Coupe-Sedan here shown. A car you will delight to drive. A car in which you will take vast pride in owning. Come, see this superb automobile. Familiarize yourself with the facts about its magnificent performance record. Consider the substantially reduced prices. Deferred payments. A small amount down. Your own convenience—52 weeks or more for balance. Your present car to apply as part payment.

SAFE MILK!

Means Only One Kind---

Pasteurized

THE MOST MODERN METHOD OF ELIMINATING POSSIBLE GERMS

Man's Best Food

Can be made Man's Safest Food—and is being made that way right here—every day—by

Pasteurization

Pasteurization does not in any way impair the food value. It does cut the germ contents and proper pasteurization makes milk safe.

Is not the pasteurizing of milk worth looking into?

How Milk Is Pasteurized

It is first sampled and graded for TASTE and QUALITY; then comes the sediment test—the acidity test and is then pumped into pasteurizing vats where it is heated to 145 degrees, held 30 minutes—cooled in the vat to 120 degrees, then pumped back over airator and cooled to 34 degrees, put through automatic bottler and capper and is ready for your table.

More Facts You Should Know

Pasteurization of milk is under the supervision of State as well as City authorities—every one who handles it is required to have a certificate of health—this method of purifying milk is endorsed by such famous doctors as the Mayo Brothers, large city health authorities, school heads, hospital heads and doctors everywhere. Pasteurization of milk takes nothing from the food content of good milk—it only adds a safeguard to its use in raw form.

SUPREME TEST OF MINNESOTA ON TODAY

SPEAR'S HOPEFULS TO FACE FLASHING NOTRE DAME

MORE THAN 50,000 SPECTATORS
EXPECTED IN HUGE
STADIUM

BIGGEST SPORTING EVENT IN
HISTORY OF THE NORTH-
WEST

Memorial Field, Minneapolis, Oct. 24.—(UP)—The supreme test of Dr. Spears' coaching of Minnesota came today when the Gopher squad faced Knute Rockne's Notre Dame team.

More than 50,000 spectators were expected in the huge stadium for the biggest sporting event in northwest history.

Almost the entire student body of Notre Dame came with the team to watch an effort at crashing the gloom, which the Army painted last week.

Minnesota realized that Notre Dame's defeat was not due to Notre Dame's weakness, so much as to Army's strength, yet Minnesota hoped for victory and there was some money in betting.

Rockne's squad is somewhat green, but the Minnesota squad is greener. This is Dr. Spears' first year with Minnesota.

The game was scheduled to start at 2 p. m. with the probable lineup:

Minnesota	Position	Notre Dame
Tuttle	LE	Crowe (C)
Drill	LT	Boland
Hanson	LG	Marelli
Cooper	C	Boeringer
Walsh	RG	Mayer
Gary	RT	McMannon
Wheeler	RE	Wallace
Almquist	QB	Edwards
Ascher (C)	LHB	Flanagan
Murrell	RHB	Cody
Joesting	FB	Enright

Officials—J. G. Magdison, Michigan, referee; J. J. Schomer, Chicago, umpire; T. E. Corey, Nebraska, field judge; R. C. Huston, Parsons, head linesman.

FIRST QUARTER
Notre Dame won the toss and chose the west goal. Minnesota kicked off to Notre Dame on five yard line to Enright who returned to the thirty yard line. Minnesota recovered the ball on their own 35 yard line after a fumble.

Minnesota punted to Notre Dame's 20 yard line after failing to make a first down in three attempts. Notre Dame backs fumbled again but recovered. The Irish punted after a 15 yard penalty.

Almquist went over Notre Dame for 15 yards. Play was called and Minnesota penalized five yards for backfield in motion. Ascher punted to Notre Dame 47 yard line where the ball was touched by player. A forward pass was incomplete. Flanagan broke through for 40 yards being tackled from behind. Notre Dame ball on Minnesota 12 yard line. Minnesota's ball on downs. On Minnesota's four yard line. Ascher punted from back of his goal line, the ball going out of bounds on the 13 yard line. Heardon made eight yards at Minnesota's right end. End of first quarter. Score: Minnesota 0, Notre Dame 0.

After playing football on even terms the first ten minutes of the game, Notre Dame carried the ball into Minnesota's territory and hovered near the goal line as the first quarter ended. A 40 yard run by Flanagan, Irish full back, broke the play even. Minnesota showed good defensive and offensive strength at the beginning. Almquist made good gains around end and Joesting gained through the line.

SECOND QUARTER
Enright went over for a Notre Dame touchdown. Flanagan kicked goal. Smith went in for Mayor, Notre Dame. Notre Dame kicked off to Almquist and he returned to his 36 yard line. Joesting ripped through for nine yards. Scherer went in for Flanagan, his arm was hurt. Minnesota marched down the field on a series of long gains at Notre Dame left guard, and made it first down on Notre Dame's 11 yard line. Roach went in for Shearer. Smith went in for Marelli. The tremendous drive shown by the Gophers has sent the crowd in wild uproar.

Minnesota kicked off to Notre Dame's 10 yard line and Roach returned 20 yards. Edwards punted to Minnesota's 35 yard line and Almquist returned four yards. After three tries at the line Ascher punted to Notre Dame's 10 yard line. Notre Dame made first down on their own 23 yard line by line smashes.

**BADGERS MEET
PURDUE TODAY**

Madison, Wis., Oct. 24.—(UP)—A smashing attack built around Red Kreuse, a brother of Al Kreuse, University of Pennsylvania line crusher, who spilled Yale beans all over the field last Saturday, is expected to be the feature of the Badgers' offensive who meet Purdue here today.

Coach George Little has used so many backfield combinations in the past week's drilling that no one can tell what even his probable lineup will be.

Purdue arrived on the scene Friday afternoon and went through a light drill in preparation for today's tilt, which is the first between Wisconsin and Purdue since 1915.

**RED GRANGE CROWD
TO BATTLE MICHIGAN**

By EDWARD C. DERR
United Press Staff Correspondent
Urbana, Ill., Oct. 24.—Red Grange and his Illini football warriors played hosts today to Benny Friedman and his Michigan teammates in a game

that drew 67,000 fans to Memorial stadium.

The twin cities of Champaign and Urbana were stamped by rosters from Michigan and fans from all sections of the middle west. More than twice the number of people living in the two cities were pounding the pavements toward the huge stadium and policemen from Chicago directed the bee hive of automobile traffic.

Tickets could not be purchased at any price. The 67,000 seats were sold several weeks ago and many thousands of requests were turned down.

A spirit of revenge was obvious in the Michigan partisans. It was Grange, who last year spilled Michigan from a conference title by sprinting to four touchdowns in the first quarter of the Michigan-Illinois game.

This year Red's support is weak and the Wolverines are strengthened, which points to a Michigan victory unless Grange breaks loose again.

**TULANE FACES
NORTHWESTERN**

Chicago, Oct. 24.—(UP)—Rising temperature encouraged Tulane for its intersectional game with Northwestern on Stagg field this afternoon.

Tulane looked with disfavor on the freezing weather it met on arriving in Chicago yesterday but the chill was taken off during the night, partly restoring climate to which the southerners are accustomed.

Northwestern had the advantage of weight in the line almost to a man, but Tulane was relying upon its backfield to give it the greater strength.

**DES MOINES AND
N. D. AGGIES**

Des Moines, Ia., Oct. 24.—(UP)—Des Moines university today plays its first North Central conference game, tackling the North Dakota Aggies here.

Although the Tigers have the advantage of playing on their home grounds, the Bisons outweigh them fully 10 pounds to the man. Both teams have been using an open style of play and the game may become an aerial battle.

**PENNSYLVANIA
AND CHICAGO**

By HENRY L. FARRELL
United Press Staff Correspondent
Philadelphia, Oct. 24.—Pennsylvania and Chicago, pioneer of intersectional football, resume relations after a lapse of 24 years in the Franklin field stadium this afternoon in one of the most interesting games of the day.

Pennsylvania with one of the best teams developed here in years, is campaigning for the championship of the east and Chicago, Western conference champions of 1924, is still in the race for the championship of the Big Ten.

Ideal weather prevailed. There was just enough bite in the wind to make it feel like football weather and the playing field was firm enough for fast football.

Pennsylvania officials said that 64,000 tickets had been sold and that at least 10,000 more could have been marketed if there was enough room in the stadium. Several sections of the new upper tier will be opened for the first time.

"This is the game that we want most to win," Coach Lou Young, the Pennsylvania football boss, said. "The team is in good shape and I have a lot of confidence in the boys."

A. A. Stagg, the dean of western coaches and the "grand old man" of football, was less enthusiastic about his Chicago squad.

"This is a very hard game for us," he said. "We have a fighting chance to win and we hope to make the best of our opportunities."

The two teams have met four times and Chicago's best showing was a tie score in 1899, Pennsylvania having won the other three games.

**OHIO STATE
MEETS IOWA**

Columbus, O., Oct. 24.—(UP)—It will be Marek against Kutsch, when Ohio State and Iowa meet this afternoon.

Supporters of both teams were keyed to a high pitch in anticipation of a battle between the two stars of their respective teams.

The query seemed to be "Can Kutsch repeat his playing of last week" when he scored all his team's points to defeat Illinois. On the other hand the Buckeyes are convinced that Marek's ability will offset anything that the Iowa cowboy has to offer. Both elevens are undefeated and a defeat for either would mean elimination from the conference championship race.

**MARQUETTE
VS. LOMBARD**

Milwaukee, Oct. 24.—(UP)—Rain which fell during the night threatened to continue during today and there was every indication the Marquette University-Lombard football game here would be played on a wet and slippery field. Coach Murray of Marquette has changed his lineup somewhat since the Navy game and the shakeup will give him a much heavier aggregation in the line and in the backfield.

**RAIN SLOWS UP
KNOX AND BELOIT.**

Beloit, Wis., Oct. 24.—(UP)—Leadens skies and a slight drizzle of rain threatened to slow up the field for the annual homecoming clash here today between Knox and Beloit.

**AUTO RACING
CLASSIC POSTPONED**

Baltimore, Md., Oct. 24.—(UP)—The \$25,000 automobile racing classic at the Laurel speedway was postponed today because of rain, officials announced.

BRAINERD HIGH LOSES AGAIN TO CROSBY-IRONTON

SCORE OF 22 TO 6 PILED UP
AGAINST THE
LOCALS

DICK MARSHALL MADE LONE
TOUCHDOWN FOR
BRAINERD

The Brainerd high school dropped their second game to the Crosby-Ironton team at the latter place yesterday, by a score of 22-6.

Dick Marshall made the lone touchdown for Brainerd, intercepting a Crosby pass on his own fifteen yard line, and aided by splendid interference raced eighty-five yards for a touchdown. He pulled down the ball in the midst of the Crosby team, but his teammates were on the job.

Tribun and Lorenz each putting two men out of the play, and others aiding in giving him a clear field.

Crosby started the scoring near the start of the contest, when on their fourth down, having failed to make downs, they tried a place-kick which was good for three points. Soon afterwards they went over for a touchdown, and got the extra point, making the score 10-0.

At the start of the second quarter, by good work on the part of Johnstone and Westcott, the rangers made another touchdown, putting the score at 16-0, and things looked dark for the Brainerd team. It was then that Marshall came through with his Red Grange stunt, and stopped the promiscuous scoring of the Crosbyites.

Crosby made their other touchdown in the fourth quarter. Brainerd played a bang-up game in the second half, and were on their way to another touchdown when Johnstone intercepted a Brainerd pass almost on his own goal line, and broke the rush of the Brainerd team.

Croger, playing his first game for Brainerd, was the line star, getting through for fine tackles time after time. Tribun broke through the Crosby line at will, but lost his footing several times after getting through. The field was slippery for any real fast work. Marshall caught two nice passes for good gains, thrown by Gile. In the second half, when Brainerd was going best, Welliver went through the line for eight, nine and ten yard gains time after time.

The locals lined up as follows: Lorens, RE; Tribun, RT; Mraz, R G; Eckholm, C; Hohman, LG; Croger, LT; Greener and Hanson, LE; Buscher, QB; Gile, LH; Marshall, R H; Welliver, FB.

IMPORTANT FOOTBALL GAMES TODAY
By PAUL WHITE
(United Press Staff Correspondent)

New York, Oct. 24.—Before the lamplighters have swung into action after sundown this evening a thrilling card of football throughout the country will have been exhibited.

From the so-called "Big Three" of the East to the major elevens of the West Coast everything is in readiness for the stiffest gridiron encounters that the graduated schedules yet have provided for 1925 fandum.

Yale will face Brown, Cambridge will tackle Dartmouth and Princeton is to engage Hanover. Not one of these games should result in heavy scoring and it would not be surprising if at least two-thirds of the Big Three went down to defeat.

The major intersectional dish of the day's menu is the Pennsylvania-Chicago battle scheduled at Philadelphia. Coming as it does a week before the Penn-Illinois struggle in the same city, the game should do much to supply a comparison between eastern and midwestern football.

Notre Dame will have a far easier struggle than that last week in which the Army was tackled, but Minnesota may provide heavy opposition. Other midwest engagements of merit will be the Kansas-Nebraska affair at Lincoln and the Michigan-Illinois game at Urbana.

On the west coast California will journey up to Portland to meet Oregon and the Oregon Aggies will jaunt down to Palo Alto for its Stanford appearance.

The Georgia Tech-Alabama and Vanderbilt-Georgia encounters stand out in the south.

Mayor George E. Cryer of Los Angeles, Cal., keeps fit by hitting it up on the running track at a stiff pace, and varying this exercise with gymnasium stunts. Philadelphia, Oct. 24.—Pennsylvania and Chicago, pioneer of intersectional football, resume relations after a lapse of 24 years in the Franklin field stadium this afternoon in one of the most interesting games of the day.

A. A. Stage, the dean of western coaches and the "grand old man" of football, was less enthusiastic about his Chicago squad.

"This is a very hard game for us," he said. "We have a fighting chance to win and we hope to make the best of our opportunities."

The two teams have met four times and Chicago's best showing was a tie score in 1899, Pennsylvania having won the other three games.

OHIO STATE MEETS IOWA

Columbus, O., Oct. 24.—(UP)—It will be Marek against Kutsch, when Ohio State and Iowa meet this afternoon.

Supporters of both teams were keyed to a high pitch in anticipation of a battle between the two stars of their respective teams.

The query seemed to be "Can Kutsch repeat his playing of last week" when he scored all his team's points to defeat Illinois. On the other hand the Buckeyes are convinced that Marek's ability will offset anything that the Iowa cowboy has to offer. Both elevens are undefeated and a defeat for either would mean elimination from the conference championship race.

MARQUETTE VS. LOMBARD

Milwaukee, Oct. 24.—(UP)—Rain which fell during the night threatened to continue during today and there was every indication the Marquette University-Lombard football game here would be played on a wet and slippery field. Coach Murray of Marquette has changed his lineup somewhat since the Navy game and the shakeup will give him a much heavier aggregation in the line and in the backfield.

RAIN SLOWS UP KNOX AND BELOIT

Beloit, Wis., Oct. 24.—(UP)—Leadens skies and a slight drizzle of rain threatened to slow up the field for the annual homecoming clash here today between Knox and Beloit.

AUTO RACING CLASSIC POSTPONED

Baltimore, Md., Oct. 24.—(UP)—The \$25,000 automobile racing classic at the Laurel speedway was postponed today because of rain, officials announced.

BRAINERD HIGH LOSES AGAIN TO CROSBY-IRONTON

SCORE OF 22 TO 6 PILED UP
AGAINST THE
LOCALS

DICK MARSHALL MADE LONE TOUCHDOWN FOR BRAINERD

The Brainerd high school dropped their second game to the Crosby-Ironton team at the latter place yesterday, by a score of 22-6.

Dick Marshall made the lone touchdown for Brainerd, intercepting a Crosby pass on his own fifteen yard line, and aided by splendid interference raced eighty-five yards for a touchdown. He pulled down the ball in the midst of the Crosby team, but his teammates were on the job. Tribur and Lorenz each putting two men out of the play, and others aiding in giving him a clear field.

Crosby started the scoring near the start of the contest, when on their fourth down, having failed to make downs, they tried a place-kick which was good for three points. Soon afterwards they went over for a touchdown, and got the extra point, making the score 10-0. At the start of the second quarter, by good work on the part of Johnstone and Westcott, the rangers made another touchdown, putting the score at 16-0, and things looked dark for the Brainerd team.

It was then that Marshall came through with his Red Grange stunt, and stopped the Crosby scoring of the Crosbyites. Marshall made their other touchdown in the fourth quarter. Brainerd played a bang-up game in the second half and were on their way to another touchdown when Johnstone intercepted a Brainerd pass almost on his own goal line, and broke the rush of the Brainerd team.

Creeger, playing his first game for Brainerd, was the line star, getting through for fine tackles time after time. Tribur broke through the Crosby line at will, but lost his footing several times after getting through. The field was slippery for any real fast work. Marshall caught two nice passes for good gains, thrown by Gile. In the second half, when Brainerd was going best, Weliver went through the line for eight, nine and ten yard gains time after time.

The locals lined up as follows: Lorenz, RE; Tribur, RT; Mraz, R G; Eckholm, C; Hohman, LG; Creeger, LT; Greener and Hanson, LE; Buscher, QB; Gile, LH; Marshall, R H; Weliver, FB.

IMPORTANT FOOTBALL GAMES TODAY

By PAUL WHITE
(United Press Staff Correspondent)

New York, Oct. 24.—Before the lamplighters have swung into action after sundown this evening a thrilling card of football throughout the country will have been exhibited.

From the so-called "Big Three" of the East to the major elevens of the West Coast everything is in readiness for the stiffest gridiron encounters that the graduated schedules yet have provided for 1925 fandum.

Yale will face Brown, Cambridge will tackle Dartmouth and Princeton is to engage Hanover. Not one of these games should result in heavy scoring and it would not be surprising if at least two-thirds of the Big Three went down to defeat.

The major intersectional dish of the day's menu is the Pennsylvania-Chicago battle scheduled at Philadelphia. Coming as it does a week before the Penn-Illinois struggle in the same city, the game should do much to supply a comparison between eastern and midwestern football.

Notre Dame will have a far easier struggle than that last week in which the Army was tackled, but Minnesota may provide heavy opposition. Other midwest engagements of merit will be the Kansas-Nebraska affair at Lincoln and the Michigan-Illinois game at Urbana.

On the west coast California will journey up to Portland to meet Oregon and the Oregon Aggies will jaunt down to Palo Alto for its Stanford appearance.

The Georgia Tech-Alabama and Vanderbilt-Georgia encounters stand out in the south.

SCHNEIDER CUP RACE POSTPONED

Baltimore, Md., Oct. 24.—(UP)—The Schneider cup race, scheduled for this afternoon, was postponed this morning because of rain.

Officials decided it would be too great a risk for the flyers to participate in the competition in the rain.

Officials decided to hold the classic Monday at 2 p. m., weather permitting.

FRAZIER-LOPEZ CASE MAY BE REOPENED, STATED

St. Paul, Oct. 24.—(UP)—The Arthur Frazier-Lopez identification case may be reopened.

Discovery of a German scientist that finger prints change over a period of years if the person is under a great mental stress, was given today as the possible means of reopening the case by Homer A. Brown, one of the attorneys for the Frazier family.

Arthur Lopez-Frazier sought relief from the United States Veterans' Bureau, maintaining that he was Arthur Frazier, Nebraska Indian, shown in the war records as dead. Veterans' Bureau officials found him to be an impostor, declaring he was Arthur Lopez, a Mexican.

"STUNT NIGHT" AT THE ROTARY

School Teachers of City Schools Are
Honor Guests of the Luncheon
Club Last Night

PRES. WOODHEAD PRESIDED

Gridiron Club Features Given by
Rotarians, Clever Skits by the
Various Schools

The annual dinner tendered school teachers of city schools by the Rotary club was last night made a regular stunt night and Gridiron club session. President John F. Woodhead presided and the large attendance of Rotarians and their wives and the honor guests, the teachers.

"Eddie" Flynn, former district governor, was the speaker of the evening and gave one of his characteristic addresses, bristling with enthusiasm, pep and patriotism. He dwelt on playing the game of business fairly, and cited the various codes of ethics adopted by the many lines of business in this and other countries. He praised the teachers and their work of teaching good citizenship.

In conclusion he reviewed Russian matters and advised his hearers, "Never trade your American citizenship for a mess of Russian potage."

Community singing of the evening was conducted by Alfred Dillan and a special song sheet of 18 numbers was provided. Each song carried the key at the head.

The Italian concert jazz band led by Signor Spagetti (Frank Johnson) was attired in loud fashion and had a repertoire of tunes which Frank Woodhead announced had been played for phonograph records. The instrumentation was 90 per cent perfect. The band played with remarkable precision and was especially good on the long notes, the trombone section unusually lasting two bars after the conductor had called the game off.

The schools put on their stunts. The Whittier gave an exposition of lesson studying led by Miss Louise Barrett. The Harrison sang a song about hats and wore all styles from 1879 up and Miss Vanasek, black-face danced and sang. The Garfield sang "Wave B-B" working at the High School and the "Pedagogue Blues." The Lincoln came out dressed as dwarfs and sang a song "The Riverside" put on a piano trio, but were somewhat handicapped by the length of the keyboard. The Lowell sang a group of songs, replete with hits.

The committee of judges Rotarians Fred Wieland, Webb and Hoffbauer, had a security conference meeting to decide which group was to be awarded the cup, and then produced this Missouri compromise:

All contestants were so good, they divided the honors and gave the body of the cup to the Harrison, one handle to the Whittier and the other handle to the Lincoln and advised these three groups to fill the cup and give the other three contestant groups a drink.

W. C. Cobb presented the cup and the handles and advised them to go to Haydon's and have it filled with ice cream and to Cibazar's bottling works to fill it with carbonated beverages.

Supt. Cobb was the storm center of a joke which was given color by having a real county attorney, Walt Wieland, chairman of the committee on arrangements on Teachers Banquet and Sheriff Reid taking part. Mr. Cobb was given 10 minutes of an uncomfortable situation, from which he extricated himself with his usual sang froid, aplomb and finesse, or words to that effect.

All Rotary Anns were polled as to pet names and age. There was an unusually big lot of youngsters present among the wives, as many gave their ages as 16. One table turned in ages running from 69 to 84, making it sound like a golf score record for nine holes at the Country club.

Miss Mary Tornstrom was asked to perform and threatened to sing. She recited a poem entitled "Foolish Questions," piano accompaniment played by Miss Rickard, who also supplied vocal accompaniment when required.

Altogether it was a large evening, full of rapid fire stunts and fun and not one slow minute in the whole program. The Ransford furnished a pleasing dinner. The Arcadian orchestra played and got a lot of applause.

Remaining in Sanatorium

The importance of remaining in the Sanatorium until the physician decides whether or not a patient is ready for discharge is one of the most important factors in our fight against tuberculosis.

The most usual cause of relapse of the favorable case is the hurry to get back to the usual routine of life. Sometimes the urgent need of the family for financial support causes the patient to hurry back to work when his stay at the institution has just begun. There are many reasons why the patient will not remain in the institution as long as he should but we think homeliness and the condition of financial matters at home are the most usual.

Every patient entering the Sanatorium should make up his or her mind that "I will stay until the doctor tells me I am ready to go home and resume my ordinary routine of life." If this could be made the motto of all patients entering the sanatorium we would turn out many more arrested cases. The patient should always be told as frankly as possible the approximate length his or her case will require for an arrested condition.

By Ernest L. Strader, M. D. Medical Director & Supt. Deerwood Sanatorium.

TWO BIRTHDAY ANNIVERSARIES

That of Mrs. A. L. Mample and Comrade Wilson Observed by G. A. R. and Ladies of G. A. R.

A. L. MAMPLE GIVES TALK

Tells of His Recent Trip Through the South and Island

Members of Pap Thomas Post, No. 26, G. A. R., and Mrs. Harriet R. Peterson, Mrs. Henriette Fox and Mrs. Louise McKay, of the ladies of the G. A. R., together with other friends motored to the Gull lake dam to assist in the celebration of the birthday anniversaries of Mrs. A. L. Mample and Comrade J. A. Wilson, on Friday, October 23rd, the original dates being 1875 and 1844 respectively.

The afternoon was spent in a most enjoyable manner. Miss Forest Mample favored the assemblage with several old-time songs, being accompanied at the piano by Mrs. C. D. McKay. A. L. Mample, who is a fine descriptionist, entertained by giving a most interesting talk on his recent trip through the South and to Cuba.

Mr. Mample, who is a Spanish war veteran, was in Cuba 27 years ago as a member of the engineering corps, and he told of things as they were then upon the island, contrasting them with the present situation. At the time of the war with Spain, Havana boasted a population of 300,000, and today it is a city of about 400,000 people. The newer section is being built along the most modern lines, with wide streets and good sidewalks.

At 3:30 o'clock Mrs. Mample served a delicious chicken dinner, to which the guests all did ample justice.

Mrs. Mample and Mr. Wilson received a number of gifts, each responding but finding words inadequate to express their appreciation. Mrs. Mample was presented with a cut glass dish, among other things, and Mr. Wilson with a warm auto vest, to be used, he said in bringing his car under submission.

The happy gathering finally dispersed after voting the event a wonderful success, and deciding to make it an annual affair for the next 25 years at least.

Basket Social

There will be a basket social held at School District No. 71, Long Lake, Friday, October 30. Miss Laura Johnson is the teacher. Everyone is invited.

JOINT HALLOWE'EN DANCING PARTY

Cedars of Lebanon And Order of DeMolay to Join Sponsoring Dance

FRIDAY, OCT. 30, MASONIC HALL

Is to be a Masquerade Party And for Benefit of the DeMolay

Lake Region Forest, No. 58, Tall Cedars of Lebanon and Roosevelt Chapter, Order of DeMolay will give a Halloween dancing party on next Friday evening, October 30th, in the Masonic parlors.

This is to be a masquerade party and a benefit for the DeMolay. The funds derived from the event will be used in purchasing costumes and regalia for Roosevelt chapter, completing the equipment of this lodge which was organized less than a year ago.

The Arcadian orchestra has been engaged to play for this dance, which fact insures its success, for the Arcadians have an excellent reputation for furnishing good music.

The Tall Cedars have sponsored numerous dancing parties in the past, including one masquerade, and each event has proven very popular. The coming Halloween party will be no exception to this rule.

Milo D. Rose and Robert W. Crust, of the Tall Cedars, and Hugo L. Sundberg, of the DeMolay council, compose the committee in charge of the party, and are making elaborate preparations for the big event. Numerous innovations and novelties will be introduced, all of which will add materially to the pleasure of the evening. Special decorations will be a part of the preparations and in keeping with the Halloween season.

Members of the DeMolay are in charge of the invitations and the sale of tickets, which because of the nature of the event are necessarily limited.

CIVIL SERVICE EXAM TO BE GIVEN AGAIN

The United States Civil Service Commission invites special attention to the fact that in an examination held recently in Brainerd and other cities throughout the country for patron in the Indian service, applicants were not secured in the number desired, and that this examination will be held again. Receipt of applications will close November 28. The date for the assembling of competitors will be stated on the admission card sent to applicants after the receipt of receipt of applications. Persons interested in this or other examinations should apply to the Secretary of the United States Civil Service Board at the local post office for detailed information and application blanks.

LECTURES AT SCANDIA HALL

Series of Illustrated Prophetic Lectures by Evangelist O. H. Christensen

(Contributed)
A series of illustrated prophetic lectures beginning Sunday evening, Oct. 25 at 8 o'clock will be given by Evangelist O. H. Christensen in the Scandia Cooperative hall above the store on the corner of 13th and Woodward S. E. His manner of delivery is clear and forceful, and no doubt every lecture will be of interest and benefit to all.

His study is the Word of God and many of the live topics of the day will be presented from this angle. There will be a lecture every night except Tuesday, and many of them will be illustrated by slides. There will also be special singing, including selections by a Junior choir.

The program of subjects for the week is as follows:

Sunday night Oct. 25—"The Battle of the Churches." Can we accept evolution and still believe the Scriptures?

Monday night Oct. 26—"A Definite Proof of Bible Inspiration." Are you doubting? Hear this.

Wednesday night, Oct. 28—"A World United! Is it Possible?" Hear the answer from God.

Thursday night, Oct. 29—"The Hope of the Ages." How will it be realized?

Friday night, Oct. 30—"God's Great Sign Board." Read it as you go.

Saturday night, Oct. 31—"The Home of the Saved." Where is it? Will we know each other there?

The lectures are free and an invitation is extended to all. A song service begins at 7:45.

FUR FARMING COMPANY FORMED

Canadian Black Silver Fox Co. to Operate in This Territory

HEADQUARTERS AT CROSBY

Capitalized at \$50,000; Incorporators From Crosby, Holdingford and Rogers

Crow Wing county is gaining a reputation as an excellent locality for fur farming, the latest addition to this industry being the Canadian Black Silver Fox Company, which is being incorporated and which will have its headquarters at Crosby. This is the second company of this kind in the county, the other being located near Deerwood. In addition there are several individuals specializing in fur farming on a smaller scale.

The Canadian Black Silver Fox Company is capitalized at \$50,000, 500 shares of \$100 each. The highest amount of indebtedness or liability to which the company shall be subject at any time will be \$50,000.

The nature of the business is to breed, raise, ranch, buy, sell and otherwise dispose of black silver fox, kunk, muskrat and other fur bearing animals, and to buy, sell, acquire, hold, lease and occupy lands for the purposes of the company.

Those forming the new corporation include B. E. Peyton, H. A. Sparks and Albert Burud, all of Crosby, Alois Abeln, of Holdingford, and J. R. Branley, of Rogers. These men constitute the first board of directors, until the first annual meeting to be held on the second Tuesday of January, 1926, and the first officers are as follows:

President—H. A. Sparks.
Vice President—J. R. Branley.
Secretary and Treasurer—B. E. Peyton.

Fox farming for many years was considered profitable only in the far north, but in recent years it has been discovered that the northern part of the United States is ideally situated for this business, and especially the territory in the Great Lakes district, which includes Crow Wing county.

There are a number of such farms flourishing in Northern Minnesota, and several companies are planning to carry on this business upon a large scale.

The Drama League will meet Monday afternoon at the home of Mrs. W. H. Cleary, 511 North 5th street. Mrs. C. W. Hoffman will read the "Show Off" by George Kelly.

The schools put on their stunts. The Whittier gave an exposition of lesson studying led by Miss Louise Barrett. The Harrison sang a song about hats and wore all styles from 1870 up and Mrs. Vanasse, blackface danced and sang. The Garfield sang "We've Been Working at the High School" and the "Pedagogue Blues." The Lincoln came out dressed as 4-4's and sang a song. The Riverside put on a piano rito, but were somewhat handicapped by the length of the keyboard. The Lowell sang a group of songs, replete with hits.

The committee of judges Rotarians Fred Wieland, Webb and Hoffbauer, had a security conference meeting to decide which group was to be awarded the cup, and then produced this Missouri compromise:

All contestants were so good, they divided the honors and gave the body of the cup to the Harrison, one handle to the Whittier and the other handle to the Lincoln and advised these three groups to fill the cup and give the other three contestant groups a drink.

W. C. Cobb presented the cup and the handles and advised them to go to Haydon's and have it filled with ice cream and to Cibazar's bottling works to fill it with carbonated beverages.

Supt. Cobb was the storm center of a joke which was given color by having a real county attorney, Walt Wieland, chairman of the committee on arrangements on Teachers Banquet and Sheriff Reid taking part. Mr. Cobb was given 10 minutes of an uncomfortable situation, from which he extricated himself with his usual sang froid, aplomb and finesse, or words to that effect.

All Rotary Anns were polled as to pet names and age. There was an unusually big lot of youngsters present among the wives, as many gave their ages as 16. One table turned in ages running from 69 to 84, making it sound like a golf score record for nine holes at the Country club.

Miss Mary Tornstrom was asked to perform and threatened to sing. She recited a poem entitled "Foolish Questions," piano accompaniment played by Miss Rickard, who also supplied vocal accompaniment when required.

Altogether it was a large evening, full of rapid fire stunts and fun and not one slow minute in the whole program. The Ransford furnished a pleasing dinner. The Arcadian orchestra played and got a lot of applause.

Remaining in Sanatorium
The importance of remaining in the Sanatorium until the physician decides whether or not a patient is ready for discharge is one of the most important factors in our fight against tuberculosis.

The most usual cause of relapse of the favorable case is the hurry to get back to the usual routine of life. Sometimes the urgent need of the family for financial support causes the patient to hurry back to work when his stay at the institution has just begun. There are many reasons why the patient will not remain in the institution as long as he should but we think homesickness and the condition of financial matters at home are the most usual.

Every patient entering the Sanatorium should make up his or her mind that "I will stay until the doctor tells me I am ready to go home and resume my ordinary routine of life." If this could be made the motto of all patients entering the sanatorium we would turn out many more arrested cases. The patient should always be told as frankly as possible the approximate length his or her case will require for an arrested condition.

TWO BIRTHDAY ANNIVERSARIES

That of Mrs. A. L. Mample and Comrade Wilson Observed by G. A. R. and Ladies of G. A. R.

A. L. MAMPLE GIVES TALK

Tells of His Recent Trip Through the South and Island

Members of Pap Thomas Post, No. 30, G. A. R., and Mrs. Harriet R. Peterson, Mrs. Benjett Fox and Mrs. Louise McKay, of the Ladies of the G. A. R., together with other friends motored to the Gull lake dam to assist in the celebration of the birthday anniversaries of Mrs. A. L. Mample and Comrade J. A. Wilson, on Friday, October 23rd, the original dates being 1875 and 1841 respectively.

The afternoon was spent in a most enjoyable manner. Miss Forest Mample favored the assemblage with several old-time songs, being accompanied at the piano by Mrs. C. D. McKay. A. L. Mample, who is a fine descriptionist, entertained by giving a most interesting talk on his recent trip through the South and to Cuba.

Mr. Mample, who is a Spanish war veteran, was in Cuba 27 years ago as a member of the engineering corps, and he told of things as they were then upon the island, contrasting them with the present situation. At the time of the war with Spain, Havana boasted a population of 300,000, and today it is a city of about 500,000 people. The newer section is being built along the most modern lines, with wide streets and good sidewalks.

At 3:30 o'clock Mrs. Mample served a delicious chicken dinner, to which the guests all did ample justice. Mrs. Mample and Mr. Wilson received a number of gifts, each replying but finding words inadequate to express their appreciation. Mrs. Mample was presented with a cut glass dish, among other things, and Mr. Wilson with a warm auto vest, to be used, he said in bringing his car under submission.

The happy gathering finally dispersed after voting the event a wonderful success, and deciding to make it an annual affair for the next 25 years at least.

Basket Social

There will be a basket social held at School District No. 71, Long Lake, Friday, October 30. Miss Laura Johnson is the teacher. Everyone is invited.

JOINT HALLOWE'EN DANCING PARTY

Cedars of Lebanon And Order of DeMolay to Join Sponsoring Dance

FRIDAY, OCT. 30, MASONIC HALL
Is to be a Masquerade Party And for Benefit of the DeMolay

Lake Region Forest, No. 58, Tall Cedars of Lebanon and Roosevelt Chapter, Order of DeMolay will give a Halloween dancing party on next Friday evening, October 30th, in the Masonic parlors.

This is to be a masquerade party and a benefit for the DeMolay. The funds derived from the event will be used in purchasing costumes and regalia for Roosevelt chapter, completing the equipment of this lodge which was organized less than a year ago.

The Arcadian orchestra has been engaged to play for this dance, which fact insures its success, for the Arcadians have an excellent reputation for furnishing good music.

The Tall Cedars have sponsored numerous dancing parties in the past, including one masquerade, and each event has proven very popular. The coming Halloween party will be no exception to this rule.

Milo D. Rose and Robert W. Crust, of the Tall Cedars and Hugo L. Sundberg, of the DeMolay council, compose the committee in charge of the party, and are making elaborate preparations for the big event. Numerous innovations and novelties will be introduced, all of which will add materially to the pleasure of the evening. Special decorations will be a part of the preparations and in keeping with the Halloween season.

Members of the DeMolay are in charge of the invitations and the sale of tickets, which because of the nature of the event are necessarily limited.

CIVIL SERVICE EXAM TO BE GIVEN AGAIN

The United States Civil Service Commission invites special attention to the fact that in an examination held recently in Brainerd and other cities throughout the country for men in the Indian service, applicants were not secured in the number desired, and that this examination will be held again. Receipt of applications will close November 28. The date for the assembling of competitors will be stated on the admission card sent to applicants after the close of receipt of applications. Persons interested in this or other examinations should apply to the Secretary of the United States Civil Service Board at the local post office for detailed information and application blanks.

LECTURES AT SCANDIA HALL

Series of Illustrated Prophetic Lectures by Evangelist O. H. Christensen

(Contributed)

A series of illustrated prophetic lectures beginning Sunday evening, Oct. 25 at 8 o'clock will be given by Evangelist O. H. Christensen in the Scandia Cooperative hall above the store on the corner of 13th and Norwood S. E. His manner of delivery is clear and forceful, and no doubt every lecture will be of interest and benefit to all.

His study is the Word of God and many of the live topics of the day will be presented from this angle. There will be a lecture every night except Tuesday, and many of them will be illustrated by slides. There will also be special singing, including selections by a Junior choir.

The program of subjects for the week is as follows:

Sunday night Oct. 25.—"The Battle of the Churches." Can we accept evolution and still believe the Scriptures?

Monday night Oct. 26.—"A Definite Proof of Bible Inspiration." Are you doubting? Hear this.

Wednesday night, Oct. 28.—"A World United: Is it Possible?" Hear the answer from God.

Thursday night, Oct. 29.—"The Hope of the Ages." How will it be realized?

Friday night, Oct. 30.—"God's Great Sign Board." Read it as you go.

Saturday night, Oct. 31.—"The Home of the Sacred." Where is it? Will we know each other there?

The lectures are free and an invitation is extended to all. A song service begins at 7:45.

RAILROADS WISH TO SELECT LINES FOR CONSOLIDATION

OBJECT TO CONGRESS MAKING
SUCH DESIGNA-
TIONS

LEGISLATION SHOULD PROVIDE
PERMISSIVE, NOT COMPUL-
SORY SYSTEM

Chicago, Oct. 24.—(UP)—Efforts of the next congress to force consolidation of railroads into a few large systems will meet with opposition from the railroad companies according to 27 executives of the nation's carriers who are meeting here as a committee of the association of railway executives.

The railroads are not opposed to the general plan of effecting mergers, the executives said, but they feel that congress should not attempt to direct the combines.

They prefer to effect their own combinations as business conditions will permit.

"Our executive committee has considered the subject," Chairman R. H. Ashton declared, "and has reached the conclusion that if legislation on the subject is to be enacted, it should provide for a permissive instead of a compulsory system, subject to the approval of the interstate commerce commission."

Evidence that the railroads are feeling the competition of motor vehicles was seen in the appointment of a committee to consider regulation of motor traffic. The committee is headed by W. W. Atterbury, president of the Pennsylvania railroad.

New members of the executive committee were elected as follows: Fred W. Sargent, president of the Chicago & Northwestern, to succeed W. H. Finley, resigned; W. W. Atterbury, to succeed Samuel Rea, who was made an honorary member; A. D. McDonald of the Southern Pacific succeeds Julius Kruttschnitt, and E. F. Carey, president of the Pullman Company.

AT SALVATION ARMY

Staff Captain Chesham and Ensign Hicks of Minneapolis, inspect Local Corps

Staff Captain A. E. Chesham, accompanied by Ensign E. Hicks, both of the Minneapolis divisional headquarters, are to visit the local Salvation Army corps this week end.

Both officers have been in Brainerd on several former occasions, and their meetings have blessed all who attended. The staff captain has recently been appointed to command the "Old Northern" division, which consists of South Dakota and Northern Minnesota, with some eighteen corps within its borders.

The ensign is the new divisional secretary, and because of his new duties will become quite familiar with all corps in this division.

The Brainerd corps feels privileged to have these men visit over this week end, and urge local people to make a special effort to hear them. Both are able speakers and accomplished singers, and conduct very interesting meetings. They will be at the army hall this Saturday and Sunday evening. Detailed announcement of the hours of these meetings will be found in the column of church announcements today.

PLANES COLLIDE; DROP INTO SEA

San Diego, Calif., Oct. 24.—(UP)—Colliding while flying at an altitude of 1,000 feet, two planes dropped into the sea off Oceanside today.

Two men swam ashore from the wreckage but a third man could be seen clinging to the plane, apparently unable to swim. A boat immediately put off from shore to rescue him.

Heavy fog, which was blamed for the crash, also hindered rescue operations.

It was believed the machines were navy planes.

Contentment

The fountain of content must spring up in a man's own mind; and he who has so little knowledge of human nature as to seek happiness by changing anything but his disposition will waste his life in fruitless efforts, and multiply the griefs which he proposes to remove.—Samuel Johnson.

U. S. STEEL RISES 5 POINTS

New York, Oct. 24.—United States Steel sold at a new record high of 130 on the stock exchange this morning shortly after the opening, a gain of nearly five points from the previous close.

HEAVY TRADING ON WALL ST.

New York, Oct. 24.—The short session was featured by heavy trading with numerous representative industrials touching new highs. The most important was United States Steel common, getting to a new top on a heavy turnover, following optimistic news of the steel trade by Judge Gary and other leaders.

The episode of Chandler Motors advancing 10 points in the last few minutes of trading yesterday had caused some apprehension as to its effect on the general list. However, the stock opened down 7 points at 45 and set-

led under that figure in the late trading.

With strength and heavy activity in most of the list sufficient reactions developed in other parts to prevent any runaway affair such as resulted in the frantic reaction of the close a week ago.

Rails were dull throughout, while oils showed quiet firmness. Various motors were featured, General Motors gaining several points. Cast Iron Pipe had an erratic movement after opening up 4 points to 214.

The market closed higher.

SHOOTING FOR BEEF FRONTIER PASTIME

Remarkable Marksmanship of Backwoodsmen

"Squirrel-barking," "driving the nail" and "shooting for beef" were among the most popular shooting pastimes among the early frontiersmen living on the border line of civilization in old "Kaintuck" and Ohio, Arthur Woodward, writing in Adventure Magazine, tells us.

In squirrel-barking the marksman selected the bit of bark underneath the animal, as it rested on trunk or branch of a tree, and endeavored to hit the bark at such an angle that it would kill the squirrel by the shivering of the bark and concussion, rather than a direct hit.

Driving the nail was the usual means of testing the marksmanship of a man on the border. To do this an ordinary nail was hammered into a tree for about two-thirds its length. The distance was generally set at forty paces or 120 feet. Powder for the charge was poured into the hole, as much as would cover a ball being considered

about the right amount for any distance under one hundred yards. The barrel of the weapon was well cleaned and the ball, placed in a greased linen patch, sent home with vigorous strokes of a stout hickory "wiping stick." Provident borderers generally carried two wiping sticks in case of emergency.

A fair shot was one that struck alongside the nail, a good shot one that bent it, but the man who hit the nail plumb center was considered an excellent marksman. Not infrequently two or three nails would be needed before half a dozen men each had one shot apiece. The winners, after the indifferent shooters had been eliminated, then tried out for high place.

In the early thirties, shooting for beef was a popular pastime. These particular shooting bees were held in late summer when the cattle were fat and the marksmen would get the most for their money.

The usual procedure was for some man who owned cattle and wished to dispose of a beef at a fair price to advertise that on such-and-such a day a beef would be shot for.

When the appointed day came around all of the marksmen in the neighborhood gathered at the designated spot and a subscription paper was passed around stating that "Mr. So and So offers a beef worth twenty dollars to be shot for, at twenty-five cents a shot." Then each person present who desired to compete would put down the amount of shots he desired. Each man had his own target marked with a cross in the center as a bull's eye.

The winning shot won the hide and tallow which was considered the first choice. The next highest got his choice of the two hind quarters. The third took the remaining hind quarter. The fourth took first choice of the front quarters, the fifth the remainder.

quarter. The sixth man, not having any beef to choose from, was allowed all of the lead in the tree against which the targets had been placed. Occasionally some good shot would win nearly the entire beef.

In speaking of these beef-shooting matches it might be of interest to state that there was a story current on the Ohio in the early days regarding the famous—or infamous—boatman, Mike Fink, who, because of his remarkable ability with a squirrel rifle was generally barred from such affairs, being credited the best shot or "bang-all" in the country.

However, Mike didn't let the matter rest with his exclusion. His price for keeping out of beef shooting was the "fifth quarter," as the hide and tallow was called, in other words the first prize, which in turn he generally disposed of to the nearest tavern keeper for a gallon of fiery "Monongahela" whisky, his favorite.

Feel No Remorse

Deliberate murderers do not feel remorse after they commit their crimes, the Medical Press and Circular says.

Horses and Lightning

Horses do not draw lightning any more than any other animals. The fact that horses are struck so frequently is probably due to these animals seeking protection from rain under trees. If they hover near fences they are also more likely to be struck.

Stone Church Moved

Stone by stone, a church in a deserted village of Lancashire has been transported to a new and more thriving community. It was rebuilt exactly as it stood.

RAILROADS WISH TO SELECT LINES FOR CONSOLIDATION

OBJECT TO CONGRESS MAKING
SUCH DESIGNA-
TIONS

LEGISLATION SHOULD PROVIDE
PERMISSIVE, NOT COMPUL-
SORY SYSTEM

Chicago, Oct. 24.—(UP)—Efforts of the next congress to force consolidation of railroads into a few large systems will meet with opposition from the railroad companies according to 27 executives of the nation's carriers who are meeting here as a committee of the association of railway executives.

The railroads are not opposed to the general plan of effecting mergers, the executives said, but they feel that congress should not attempt to direct the combines.

They prefer to effect their own combinations as business conditions will permit.

"Our executive committee has considered the subject," Chairman R. H. Ashton declared, "and has reached the conclusion that if legislation on the subject is to be enacted, it should provide for a permissive instead of a compulsory system, subject to the approval of the interstate commerce commission."

Evidence that the railroads are feeling the competition of motor vehicles was seen in the appointment of a committee to consider regulation of motor traffic. The committee is headed by W. W. Atterbury, president of the Pennsylvania railroad.

New members of the executive committee were elected as follows: Fred W. Sargent, president of the Chicago & Northwestern, to succeed W. H. Finley, resigned; W. W. Atterbury, to succeed Samuel Rea, who was made an honorary member; A. D. McDonald of the Southern Pacific succeeds Julius Kruttschnitt, and E. F. Carey, president of the Pullman Company.

AT SALVATION ARMY

Staff Captain Chesham and Ensign Hicks of Minneapolis, Inspect Local Corps

Staff Captain A. E. Chesham, accompanied by Ensign E. Hicks, both of the Minneapolis divisional headquarters, are to visit the local Salvation Army corps this week end.

Both officers have been in Brainerd on several former occasions, and their meetings have blessed all who attended. The staff captain has recently been appointed to command the "Old Northern" division, which consists of South Dakota and Northern Minnesota, with some eighteen corps within its borders.

The ensign is the new divisional secretary, and because of his new duties will become quite familiar with all corps in this division.

The Brainerd corps feels privileged to have these men visit over this week end, and urge local people to make a special effort to hear them. Both are able speakers and accomplished singers, and conduct very interesting meetings. They will be at the army hall this Saturday and Sunday evening. Detailed announcement of the hours of these meetings will be found in the column of church announcements today.

PLANES COLLIDE; DROP INTO SEA

San Diego, Calif., Oct. 24.—(UP)—Colliding while flying at an altitude of 1,000 feet, two planes dropped into the sea off Oceanside today.

Two men swam ashore from the wreckage but a third man could be seen clinging to the plane, apparently unable to swim. A boat immediately put off from shore to rescue him.

Heavy fog, which was blamed for the crash, also hindered rescue operations.

It was believed the machines were navy planes.

Contentment

The fountain of content must spring up in a man's own mind; and he who has so little knowledge of human nature as to seek happiness by changing anything but his disposition will waste his life in fruitless efforts, and multiply the griefs which he proposes to remove.—Samuel Johnson.

U. S. STEEL RISES 5 POINTS

New York, Oct. 24.—United States Steel sold at a new record high of 130 on the stock exchange this morning shortly after the opening, a gain of nearly five points from the previous close.

HEAVY TRADING ON WALL ST.

New York, Oct. 24.—The short session was featured by heavy trading with numerous representative industrials touching new highs. The most important was United States Steel common, getting to a new top on a heavy turnover, following optimistic news of the steel trade by Judge Gary and other leaders.

The episode of Chandler Motors advancing 10 points in the last few minutes of trading yesterday had caused some apprehension as to its effect on the general list. However, the stock opened down 7 points at 45 and set-

led under that figure in the late trading.

With strength and heavy activity in most of the list sufficient reactions developed in other parts to prevent any runaway affair such as resulted in the frantic reaction of the close a week ago.

Rails were dull throughout, while oils showed quiet firmness. Various motors were featured, General Motors gaining several points. Cast Iron Pipe had an erratic movement after opening up 4 points to 214.

The market closed higher.

SHOOTING FOR BEEF FRONTIER PASTIME

Remarkable Marksmanship of Backwoodsmen

"Squirrel-barking," "driving the nail" and "shooting for beef" were among the most popular shooting pastimes among the early frontiersmen living on the border line of civilization in old "Kaintuck" and Ohio, Arthur Woodward, writing in Adventure Magazine, tells us.

In squirrel-barking the marksman selected the bit of bark underneath the animal, as it rested on trunk or branch of a tree, and endeavored to hit the bark at such an angle that it would kill the squirrel by the shivering of the bark and concussion, rather than a direct hit.

Driving the nail was the usual means of testing the marksmanship of a man on the border. To do this an ordinary nail was hammered into a tree for about two-thirds its length. The distance was generally set at forty paces or 120 feet. Powder for the charge was poured into the hole, as much as would cover a ball being considered

about the right amount for any distance under one hundred yards. The barrel of the weapon was well cleaned and the ball, placed in a greased linen patch, sent home with vigorous strokes of a stout hickory "wiping stick." Provident borderers generally carried two wiping sticks in case of emergency.

A fair shot was one that struck alongside the nail, a good shot one that bent it, but the man who hit the nail plumb center was considered an excellent marksman. Not infrequently two or three nails would be needed before half a dozen men each had one shot apiece. The winners, after the indifferent shooters had been eliminated, then tried out for high place.

In the early thirties, shooting for beef was a popular pastime. These particular shooting bees were held in late summer when the cattle were fat and the marksmen would get the most for their money.

The usual procedure was for some man who owned cattle and wished to dispose of a beef at a fair price to advertise that on such-and-such a day a beef would be shot for.

When the appointed day came around all of the marksmen in the neighborhood gathered at the designated spot and a subscription paper was passed around stating that "Mr. So and So offers a beef worth twenty dollars to be shot for, at twenty-five cents a shot." Then each person present who desired to compete would put down the amount of shots he desired. Each man had his own target marked with a cross in the center as a bull's eye.

The winning shot won the hide and tallow which was considered the first choice. The next highest got his choice of the two hind quarters. The third took the remaining hind quarter. The fourth took first choice of the front quarters, the fifth the remain-

quarter. The sixth man, not having any beef to choose from, was allowed all of the lead in the tree against which the targets had been placed. Occasionally some good shot would win nearly the entire beef.

In speaking of these beef-shooting matches it might be of interest to state that there was a story current on the Ohio in the early days regarding the famous—or infamous—boatman, Mike Fink, who, because of his remarkable ability with a squirrel rifle was generally barred from such affairs, being credited the best shot or "bang-all" in the country.

However, Mike didn't let the matter rest with his exclusion. His price for keeping out of beef shooting was the "fifth quarter," as the hide and tallow was called, in other words the first prize, which in turn he generally disposed of to the nearest tavern keeper for a gallon of fiery "Monongahela" whisky, his favorite.

Feel No Remorse

Deliberate murderers do not feel remorse after they commit their crimes, the Medical Press and Circular says.

Horses and Lightning

Horses do not draw lightning any more than any other animals. The fact that horses are struck so frequently is probably due to these animals seeking protection from rain under trees. If they hover near fences they are also more likely to be struck.

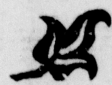

Stone Church Moved

Stone by stone, a church in a deserted village of Lancashire has been transported to a new and more thriving community. It was rebuilt exactly as it stood.
